BOULDER VALLEY SCHOOL DISTRICT RE-2
REQUEST FOR PROPOSALS NO. 27-07

Fire Sprinkler System and Portable Extinguisher Services
October 8, 2026

Part 1 – Annual Fire Sprinkler System Inspections
Part 2 – Ongoing Fire Sprinkler Maintenance and Repairs (Prequalification)
Part 3 – Portable Fire Extinguisher Annual Testing and Maintenance

TO BE CONSIDERED, RESPONSES MUST BE SENT VIA EMAIL TO BAILEY.PRITCHARD@BVSD.ORG

ON OR BEFORE 10:00 AM (MT) ON NOVEMBER 5, 2026

LATE SUBMISSIONS WILL NOT BE ACCEPTED.

GLOSSARY

Many abbreviations and acronyms are used throughout this document. The following glossary is presented in order to offer a quick reference for the reader who may not be familiar with all of these terms.

Term	Meaning
Contract or Agreement	A written agreement entered into by the District and the successful Vendor for performance of the services set forth in this solicitation.
District	Boulder Valley School District RE-2 (BVSD)
Response	A written offer to provide services in accordance with the requirements, terms and conditions of the solicitation. Any exceptions to the District's requirements, terms and conditions shall be clearly stated by the Vendor in its response.
Request for Information (RFI)	A non-binding, non-competitive way to gather that may or may not be used by the District as an aid in creating a future solicitation.
Request for Proposal (RFP)	A formal Vendor selection process for the work described in this solicitation.
Request for Qualifications (RFQu)	A formal Vendor selection process to determine if a Vendor is qualified for the work and or to be added to a prequalified list for the District.
Vendor or Contractor	The individual, company, corporation, or firm to whom the contract is awarded. Until such contract is awarded, the terms "Vendor" or "Contractor" shall be understood to mean the individual, company, corporation or firm formally submitting a response to this solicitation.
Work or Services	Service to be performed. The project, job, and / or activity that is relative to the scope of this solicitation

Section 1 – Introduction and Overview

District Information

The Boulder Valley School District ("District" or "BVSD") is a public school District organized in accordance with Colorado law to provide public education to the residents of Boulder County. The District covers a geographic area of approximately 500 square miles and serves the communities of Boulder, Broomfield, Erie, Eldorado Springs, Gold Hill, Jamestown, Lafayette, Louisville, Marshall, Nederland, Superior and Ward. The District consists of 56 schools serving an enrollment of approximately 27,000 students. District students consistently place in the top percentiles in state and national academic achievement measures. The area itself is regularly listed as one of the best places to live in the country.

Purpose of RFP

Boulder Valley School District RE-2 is issuing this Request for Proposals (RFP) to solicit proposals from qualified Vendors to provide comprehensive fire suppression system services across designated District campuses, consisting of the following three distinct service categories:

Part 1 – Annual Fire Sprinkler System Inspections

The District intends to award annual sprinkler inspection services to a **single Vendor**. The successful Vendor will be awarded a contract to provide the services as described in this RFP for a period of one (1) year (subject to annual appropriations as provided in the Contract), with potential option(s) to renew for up to four (4) additional one-year periods, at the District's sole discretion.

Part 2 – Ongoing Fire Sprinkler Maintenance and Repairs (Prequalification)

The District intends to prequalify **multiple Vendors** for ongoing maintenance and repairs of the systems. The successful Vendors will be asked to sign a master agreement and provide fixed rates for time and materials. It is the intent of the District to use this prequalification for on call services and quote requests. Qualification under this section of the RFP is not a guarantee of any work.

Part 3 – Portable Fire Extinguisher Annual Testing and Maintenance

The District intends to award annual fire extinguisher testing and maintenance to a **single Vendor**. The successful Vendor will be awarded a contract to provide the services as described in this RFP for a period of one (1) year (subject to annual appropriations as provided in the contract), with potential option(s) to renew for up to four (4) additional one-year periods, at the District's sole discretion.

Vendors are encouraged to submit proposals for any or all three sections of this solicitation. Proposals will be evaluated independently for each section.

To preserve the integrity and independence of annual compliance inspections, the District generally intends to award Part 1 (Annual Fire Sprinkler System Inspections) and Part 2 (Ongoing Maintenance and Repairs Prequalification) to separate Vendors. Proposers submitting bids for both Part 1 and Part 2 are requested to state their primary preference of award should the District elect to separate these contracts.

Additional information is in Section 3 – Scope of Services.

Section 2 – Communication and Timeline

Solicitation Contact and Communication

Please direct all communications regarding this solicitation to Bailey Pritchard at bailey.pritchard@bvsd.org.
As email delivery issues can occur from time to time, the District strongly recommends that Vendors submitting inquiries request confirmation of receipt.

Bailey Pritchard is to be the sole point of contact for all communication unless a delegation naming an additional contact has been provided in writing.

- There should be **NO** communication with any District staff or consultants regarding this solicitation
- Activities, communication, and contact after the solicitation has been issued may be considered consulting activities and could disqualify your response from being accepted.
- If contacted directly by any District staff or consultants you should direct them to the Contact to make the inquiry on their behalf.
- Telephonic or in-person inquiries shall not be accepted. Vendors shall not contact District staff directly with questions and may not rely on any verbal statements by District staff that alter any specification or other term or condition of the solicitation
- This solicitation may be modified only in writing and signed by the District's Director of Supply Chain Management, solicitation contact, or designee.

Schedule of Activities and Timeline

ACTIVITY	DESCRIPTION	DATE
Issue	Issuance of solicitation via **BidNet**	10/8/2026
Inquiries	Vendors may make written inquiries concerning this solicitation to obtain clarification of requirements via email to the Solicitation Contact with the subject "BVSD RFP 27-07 Inquiry". Inquiries made in any other way will not be accepted. ***Inquiries shall not be accepted after the due date and time.***	Due Date and Time: 10/16/2026 10:00 AM MT
Addendum	Response to Inquiries will be issued as an Addendum to the solicitation.	10/20/2026 By end of day (est.)
SUBMISSION DEADLINE	**SUBMISSION DEADLINE** See Section 4 – Response Requirements Responses are due on or before the due date and time. *Late submissions will **not** be accepted.*	**Due Date and Time:** **11/05/2026** **10:00 AM MT**
Evaluation	Evaluation of responses	11/05/2026 - 12/02/2026 (est.)
Interviews	Interviews/demonstrations will be held virtually via Google Meet. Meeting invitations will be sent to finalists. *Please refer to Section 6 – Terms and Conditions for additional information on Interviews and demonstrations.*	Dec 10, 2026
Award	Engage services of successful Vendors / contract execution	December 15, 2026 (est.)
Contract	Contract Execution Deadline *For contracts that require BVSD Board of Education approval, a signed contract from the Vendor is required on this date.*	January 2027 (est.)

Section 3 – Scope of Services

Overview

Boulder Valley School District RE-2 is issuing this Request for Proposals (RFP) to solicit proposals from qualified Vendors to provide comprehensive fire suppression system services across designated District campuses, consisting of the following three distinct service categories:

Part 1 – Annual Fire Sprinkler System Inspections

The District intends to award annual sprinkler inspection services to a **single Vendor**. The successful Vendor will be awarded a contract to provide the services as described in this RFP for a period of one (1) year (subject to annual appropriations as provided in the Contract), with potential option(s) to renew for up to four (4) additional one-year periods, at the District's sole discretion.

Part 2 – Ongoing Fire Sprinkler Maintenance and Repairs (Prequalification)

The District intends to prequalify **multiple Vendors** for ongoing maintenance and repairs of the systems. The successful Vendors will be asked to sign a master agreement and provide fixed rates for time and materials. It is the intent of the District to use this prequalification for on call services and quote requests. Qualification under this section of the RFP is not a guarantee of any work.

Part 3 – Portable Fire Extinguisher Annual Testing and Maintenance

The District intends to award annual fire extinguisher testing and maintenance to a **single Vendor**. The successful Vendor will be awarded a contract to provide the services as described in this RFP for a period of one (1) year (subject to annual appropriations as provided in the contract), with potential option(s) to renew for up to four (4) additional one-year periods, at the District's sole discretion.

Vendors are encouraged to submit proposals for any or all three sections of this solicitation. Proposals will be evaluated independently for each section.

To preserve the integrity and independence of annual compliance inspections, the District generally intends to award Part 1 (Annual Fire Sprinkler System Inspections) and Part 2 (Ongoing Maintenance and Repairs Prequalification) to separate Vendors. Proposers submitting bids for both Part 1 and Part 2 are requested to state their primary preference of award should the District elect to separate these contracts.

Part 1 – Annual Fire Sprinkler System Inspections

Scope of Services

The awarded Contractor will perform annual fire sprinkler system inspections and clean agent inspection services in accordance with all applicable standards, regulations, and codes required by the National Fire Protection Association (NFPA) and federal, state, and local authorities.

As part of every complete annual inspection, the awarded Contractor will survey the building and fire sprinkler systems (and all related equipment) and provide recommendations for any upcoming code changes, manufacturers' recalls, recommended repairs, upgrades, replacement of aging heads, or modifications. All findings shall be included as a separate part of the inspection report.

Upon completion of each inspection, the awarded Contractor shall provide:

- A signed digital copy of each completed inspection report to BVSD upon completion of the inspection(s), but no later than July 15th, annually. Reports become property of the District once submitted.
- A signed digital copy of the completed inspection report(s) shall be submitted to the local Authority Having Jurisdiction (AHJ) upon completion of the inspection(s).
- Most fire jurisdictions within Boulder Valley School District require fire sprinkler inspection reports to be submitted by the Contractor to the The Compliance Engine.
- **Any associated costs involved with submitting these reports shall be the responsibility of the awarded Contractor and included in the submitted proposal.**

System Specifications

- **Wet Systems (50 Buildings)** Annual Inspections on (53) wet systems with (118) risers at (50) locations in accordance with all applicable standards, regulations, and codes required by NFPA, federal, state, and local authorities. The inspection/test shall include but not be limited to the following:
    - **Sprinkler Heads:** A floor-level visual check of all heads for obstructions (18" clearance), orientation, age, signs of leakage, corrosion, physical damage, or paint that might hinder activation.
    - **Pipework and Fittings:** Inspection for external corrosion, physical damage, and proper alignment.
    - **Hangers and Bracing:** Verification that all supports and seismic bracing are intact and secure.
    - **Spare Sprinklers:** Ensuring a cabinet is on-site with the correct number of spare heads and matching sprinkler wrenches.
    - **Information Signage:** Verifying that hydraulic nameplates and general information signs are present, legible, and securely attached.
    - **Main Drain Test:** Conducted to verify the water supply's adequacy and ensure control valves are fully open.
    - **Water Flow Alarm:** Testing of mechanical and electric water flow alarm devices to ensure they signal correctly upon system activation.
    - **Control Valves:** Each valve must be "exercised"—operated through its full range of motion—to ensure it isn't seized and returns to the correct position.
    - **Fire Department Connection (FDC):** Inspection for accessibility, visible damage, caps, no valve leakage, and proper signage.
    - **Tagging:** Affix an inspection tag to riser(s) with the date, signature and results of the test.

- **Wet Systems Antifreeze Loop - (4 Buildings)** Measure the antifreeze solution in (4) loops at (4) District schools to determine the freeze point rating.
    - **Solution Sampling:** Extract samples from the top and bottom (remote points) of the system.
    - **Specific Gravity/Freeze Point:** Use a refractometer to verify the solution matches the required concentration for the Boulder County climate.
    - **Contamination Check:** Ensure the solution hasn't mixed with water or other contaminants.
    - **Main Drain Flow Test:** Record static and residual pressures to ensure proper water supply.
    - **Valve Supervision:** Verify that all control valves are in the correct position and supervisory switches are functioning.
    - **Tagging:** Affix an inspection tag with the date, signature and results of the test.

- **Dry Systems (9 Buildings)** Annual Inspections on (9) dry systems at (9) District locations in accordance with all applicable standards, regulations, and codes required by NFPA, federal, state, and local authorities. The inspection/test shall include but not be limited to the following:
    - **Dry Pipe Valve Trip Test:** Perform an annual "partial" trip test to ensure the valve operates correctly.
    - **Priming Water Level & Air Pressure:** The priming water level in the dry pipe valve must be checked, and air pressure levels verified.
    - **Dry Pipe Valve Inspection:** Internal inspection of the dry pipe valve while resetting.
    - **Alarm and Device Testing:** Testing of low-pressure alarms, waterflow alarms, and quick-opening devices.
    - **Main Drain Test:** Conducted to ensure proper water supply.
        - Drain / blow out any residual water in the pipe system upon completion of the test.
    - **Visual Inspection:** Inspection of pipe condition, low spots in pipe, fittings, and hangers for corrosion or damage (from floor level).
    - **Spare Sprinklers:** Verification that a minimum of two sprinklers of each type/temperature rating and a wrench are on-site.
    - **Tagging:** Affix an inspection tag with the date, signature and results of the test

- **Clean Agent Suppression System (2 Buildings)** Semi-annual Inspection (twice yearly) on (2) clean agent suppression systems at (2) District locations in accordance with all applicable standards, regulations, and codes required by NFPA, federal, state, and local authorities. The inspection/test shall include but not be limited to the following:
    - **Semiannual:**
        - **Container Quantity & Pressure:** Verify that refillable and factory-charged containers contain the correct amount of agent and have the proper pressure.
        - **Limits:** Halocarbon systems must be replaced or refilled if they lose more than **5%** of agent quantity or **10%** of pressure. Inert gas systems must be addressed if pressure loss exceeds **5%** (adjusted for temperature).
        - **Tagging:** Affix an inspection tag with the date, signature and results of the test.
    - **Annual:**
        - **Hose Inspection:** Check all hoses for visible damage or movement.
        - **Enclosure Integrity:** Inspect the protected room for new penetrations or structural changes that could affect the agent's concentration during discharge.
        - **Control Panel & Functions:** Test the system's functional operation, including smoke detectors, alarms, and discharge sequences in accordance with NFPA protocols.
        - **Tagging:** Affix an inspection tag with the date, signature and results of the test.

- **Fire Pump (1 Building)** Annual Inspection for (1) fire pump at (1) District location in accordance with all applicable standards, regulations, and codes required by NFPA, federal, state, and local authorities. If required by the local water department, obtain the necessary water flow permit prior to the test. The inspection/test shall include but not be limited to the following:
    - **Pump Room & Visual Inspection**

        - Environment: Ensure the pump room temperature is at least 40 degrees F, well-lit, and ventilated.
        - Structure: Check for leaks, corrosion, or abnormal vibrations on the pump casing, base, and piping.
        - Valves: Verify suction, discharge, and bypass valves are fully open and operational.
        - Gauges: Confirm suction and discharge pressure gauges are in good condition and calibrated.
        - Driver: Inspect electric motor for cleanliness and damage.
    - **Functional & Operational Testing**
        - Automatic Start: Test the pump to start automatically by dropping system pressure (never use the manual start button for this test)
        - Run Time: Run electric pumps for at least 10 minutes.
        - Flow Test (Performance): Conduct a full-flow test using test headers or nozzles to measure pressure and flow at:
            - 0% flow (Churn)
            - 100% rated capacity
            - 150% rated capacity
        - Alarms: Test all controller alarms and signals.
    - **Component-Specific Checks**
        - Electric Controller: Check all electrical connections, contacts, and circuit breakers.
        - Lubrication: Check and lubricate pump bearings and driver bearings.
        - Relief Valve: Test the circulation relief valve for proper operation.
    - **Post-Inspection**
        - Return to Service: Ensure all valves are returned to their normal operational positions.
        - Controller: Set the controller to "auto" position.
        - Documentation: Record all readings (pressure, flow, voltage, amperage) and sign the inspection report.
        - Tagging: Affix an inspection tag with the date, signature and results of the test.

Additional Requirements

- During the period of the contract or any extension thereof, BVSD reserves the right to add or delete specific services and/or locations at the prevailing contract prices.
- Coordination of tests and inspections will take place with authorized BVSD Facilities staff, being mindful that these systems are monitored/alarmed locally at BVSD Security.
- The awarded Contractor shall use trained personnel directly employed and supervised by the Contractor to perform inspections.
- Any specialized tools or equipment required by the Contractor to perform testing and inspection services shall be sourced with no additional cost to BVSD.
- The Contractor shall not sell, transfer, assign or otherwise dispose of this contract to any third party for the performance of their work. Exceptions are services outside their normal expertise such as excavation. All subcontractors must be approved prior to the start of work by authorized BVSD Facilities staff.
- The Contractor shall not subcontract any part of this contract without written, prior approval from authorized BVSD Facilities staff.

- Work shall be performed during normal working hours on days which students do not receive instruction (ie. summer vacation). Normal working hours are defined as 7:00 a.m. to 4:00 p.m. Monday through Friday inclusive, excluding District observed holidays. District calendars can be found on the BVSD website at: Calendar - Boulder Valley School District.
- Authorized BVSD staff will provide reasonable means of access to facilities and fire systems, but communication and coordination will be required. The Contractor will be required to meet all BVSD requirements including security to obtain keys and badges for any employees who will be conducting work within the buildings. The Contractor must be able to provide BVSD with a deposit for each key that is requested by the Contractor.
- The Contractor shall comply with all laws or ordinances and all rules and regulations of health, public and/or other authorities controlling or limiting the methods, the materials to be used or the actions of those engaged in work of this kind.
- Any labor or material in addition to that described herein necessary to comply with these laws, rules, ordinances or regulations shall be performed and furnished by the Contractor.

Pricing for Sprinkler Inspection Services

See Section 4 – Response Requirements for detailed pricing instructions.

- Please provide 5 years of pricing for the following inspection services:
  - Wet Systems
    - Antifreeze Loops
  - Dry Systems
  - Fire Pump
  - Clean Agent Systems
- Please provide unit pricing for the following inspection services:
  - Wet / Dry System
    - 5-year internal pipe inspection (per riser)
    - 5-year Fire Department Connection (FDC) hydro test
    - 3-year dry valve full trip test

Part 2 – Ongoing Fire Sprinkler Maintenance and Repairs (Prequalification)

Prequalification Information

The Selection Committee will identify a number of Vendors who will be prequalified to participate in quotes, bids, and request for proposals for the District.

Prequalified Vendors will be asked to sign a contract / master service agreement to allow for predefined pricing, terms, and conditions, and will be required to register in the District's online supplier portal.

Selection as a prequalified Vendor in no way guarantees that Vendor will be awarded work for the District. Even if a pre-qualified Vendor is awarded work, continued pre-qualified status is dependent upon successful performance, as determined by the District in its sole discretion.

Vendors who do not respond to multiple invitations from the District to provide a documented quote, bid, or request for proposal may be removed from the pre-qualified list of Vendors.

Scope of Services

- The awarded Contractor(s) shall be available to respond and make necessary repairs to general deficiencies identified by the sprinkler inspection Contractor.
    - The Contractor shall be able to schedule these deficiency repairs within one week of being contacted by BVSD Facilities personnel.
    - Upon completion of deficiency repairs, the Contractor will be responsible for clearing inspection deficiencies with the AHJ either directly or via The Compliance Engine.
    - Supporting documentation of deficiency repairs, including photos, videos and work order notes shall be emailed to the designated BVSD Facilities representative for recordkeeping purposes.
- The awarded Contractor(s) shall be available to respond to emergency calls within 4 hours of being contacted.
    - "Emergency" is defined as a situation in which an extensive leak from the fire sprinkler piping is impacting the surrounding area and posing a health & safety issue or damage to the building.
- The awarded Contractor(s) shall be available to respond to high priority calls within 24 hours.
    - "High priority" is defined as a situation that requires an unscheduled response, but is not considered an emergency.
- All repairs should be made with appropriate materials consistent with recognized industry standards.
- The technician should be prepared and equipped with the specialized tools and equipment (including specialty head wrenches) necessary to complete the repair or replacement at **no additional cost to BVSD.**
- All repairs shall be made by a technician who is qualified to perform such work and who is familiar with recognized industry standard practices.
- All equipment, parts and/or supplies used must be new (OEM).
- The awarded Contractor(s) shall fully guarantee all workmanship and parts furnished and installed under the awarded contract against defect for one (1) year after completion. Defects will be repaired or replaced at no charge to BVSD.
- The awarded Contractor(s) must supply BVSD with all warranty information whether it be expressed or implied.
- The awarded Contractor(s) will take adequate precautions to protect all surfaces. The Contractor will repair any damage caused as a result of inspection or servicing of equipment including abuse, misuse, and neglect.
- The awarded Contractor(s) is responsible for properly disposing of any materials removed or replaced. In addition, any areas disturbed should be restored to their original condition.
- BVSD reserves the right to make all final decisions to determine whether to proceed with repair or replacement of any equipment.
- Representatives of any awarded Contractor shall report to BVSD Facilities contact, sign in and out of each school and contact BVSD Security upon arriving and departing from BVSD buildings.
- The awarded Contractor(s) shall not shut down any equipment unless permission is first obtained from authorized BVSD Facilities staff. The awarded Contractor(s) shall comply with all federally-mandated OSHA lockout/tag out procedures.
- It is the responsibility of the awarded Contractor(s) to keep BVSD Facilities designated contact informed of the status of all work in progress on a daily basis including but not limited to estimated completion date, parts delivery dates, and accrued and projected job costs. Failure to do so will delay processing of invoices.

Pricing for Sprinkler Repair & Maintenance Services

See Section 4 – Response Requirements for detailed pricing instructions.

- Please provide hourly rates over 5 years with your response.
    - Include hourly service call rates for weekdays, after hours, weekends, and holidays.
    - Include hourly service call rates for the following response times:
        - Standard (within one week)
        - High Priority (within 24 hours)
        - Emergency (within 4 hours)
- Provide the percentage markup you will charge the District on parts.
- Vendors prequalified under Part 2 will be invited to quote on individual repair projects identified during annual inspections. All quotes must adhere to the rates submitted in response to this RFP. Site visits may be required prior to quote submission to verify field conditions, particularly for scopes involving multiple deficiencies.

Part 3 – Portable Fire Extinguisher Annual Testing and Maintenance

Scope of Services

The awarded Contractor shall perform annual tasks to ensure all portable fire extinguishers comply with all applicable standards, regulations, and codes required by NFPA and federal, state, and local authorities. The awarded Contractor and its employees shall obtain and maintain all applicable permits, licenses, authorizations and/or certificates as required by federal, state, and local laws and regulations prior to providing services at any Boulder Valley School District facility. A copy of these documents shall be provided to the designated BVSD contact upon request.

Annual Inspection and Maintenance Tasks

The Contractor shall perform tasks that include, but are not limited to, the following:

- Check that the unit is properly hung with the proper manufacturer's hanger.
- Remove the extinguisher from its hanger.
- Check the gauge pressure.
- Check the condition of the gauge and its compatibility with the extinguisher.
- Check the weight of the extinguisher.
- Check that the last hydro-test test date is within code requirements and if not, perform hydro-static testing.
- Check the last 6-year maintenance inspection for compliance, if applicable.
- Check the last 12-year maintenance inspection for compliance, if applicable.
- Check the valve and shell for damage or corrosion.
- Remove the hose and inspect it for cracks or splits.
- Check the hose threads for signs of wear.
- Perform conductivity test on hose, per NFPA 10.
- Check the condition of the discharge horn.
- Check for obstructions that interfere with accessibility of the extinguisher.
- Break the extinguisher seal and remove the locking pin.
- Check the upper and lower handles.

- Replace safety disk, if necessary.
- Verification of service collar, replace if necessary.
- Replace O-ring, if necessary.
- Replace the locking pin and reseal the extinguisher.
- Check the valve opening for powder or any foreign matter.
- Refill extinguishers, if needed.
- Empty and recharge all stored pressure-loaded stream fire extinguishers.
- For dry extinguishers, fluff the powder by turning the unit.
- Clean the extinguisher shell with a spray cleaner.
- Return the hose to its proper position.
- Check the condition of the hose/horn retention band at the side of the extinguisher.
- Check that the unit's classification is properly identified with the appropriate decal.
- Check that the operating instructions are clean and legible.
- Tag the extinguisher properly.
- Survey the hazard area to verify that the unit classification corresponds with the hazard.
- Check that the unit is properly located within the normal path of travel, at a conspicuous height.
- Check that the unit is visible and unobstructed.
- Ensure the HMIS label is in place and legible.
- Replace the extinguisher on its hanger.
- Compile a detailed report of the inspection and provide a legible written copy to BVSD and the AHJ as indicated below.

Documentation and Reporting to Local AHJ

The Contractor shall properly document inventory of fire extinguishers within each building which includes the following information associated for each portable fire extinguisher:

- Type/Class
- Size
- Location
- Mounting Method
- Manufacture Date
- Service Date
- Pass/Fail
- 6 Year Due
- Hydraulic Testing Due
- Comprehensive list of deficiencies requiring correction

Most fire jurisdictions within Boulder Valley School District require fire extinguisher inspection reports to be submitted by the Contractor through the “Compliance Engine” software.

Any costs associated with submitting these reports shall be the responsibility of the awarded Contractor.

Process for Deficiency Corrections

Estimate(s) shall be provided to correct/repair/replace issues identified within 10 business days of the initial inspection. The estimate must include the total cost to address the deficiency in full. Additional costs in excess of the initial estimate discovered at a later time will not be the responsibility of the District. The District will review

estimate(s) for deficiency corrections and issue purchase order(s) to perform the corrections. The District reserves the right to solicit pricing from additional externally approved Contractors to perform the deficiency corrections.

Service Hours and Technician Professionalism

The District requires the awarded Contractor to perform the required services Monday through Friday between the hours of 7:00AM and 3:00PM. All service visits shall be scheduled a minimum of one week in advance. It is the awarded Contractor's responsibility to work with the District representative to schedule inspections at the appropriate interval and provide a schedule proposal to the District for prior approval. Inspections shall not be scheduled directly with school personnel.

Callbacks

In the event the District discovers that the awarded Contractor has failed to provide the required inspection (either in full or partial) as described above, the Contractor will return to the location within five (5) business days to resolve the issue. In such circumstances, the District shall not be charged for a truck trip or extra labor or callout cost beyond the standard cost of service.

Estimated Number of Fire Extinguishers

Boulder Valley School District estimates there are approximately **1,450 portable fire extinguishers** that require inspection, maintenance, and possible services. The number of extinguishers provided and the associated list of types and locations are to be considered approximate and are provided as a courtesy, not for the purpose of limiting or guaranteeing the number, type, or size of extinguishers in need of service. During the period of the contract or any extension thereof, BVSD reserves the right to add or delete specific services and/or locations at the prevailing contract prices. Likewise, if in the process of inspecting a building or facility, the awarded Contractor discovers unlisted portable fire extinguishers, the Contractor shall report the type, size and location of such extinguishers to the designated BVSD Facilities contact.

Pricing for Extinguisher Testing and Maintenance Services

See Section 4 – Response Requirements for detailed pricing instructions.

- Please provide 5 years of pricing for annual portable extinguisher inspections based on **1,450 portable fire extinguishers at 61 District campuses.**
- Please provide unit pricing for the following items:
    - New Replacement Extinguishers - 5lb, 10lb ABC and Type K extinguishers
    - 6-year service
    - Hydrostatic Test
- Provide hourly labor rates for correcting portable extinguisher deficiencies.
- Provide the percentage markup you will charge the District on parts.

Minimum Qualifications

To be eligible for consideration under any of the three parts of this solicitation, Vendors must meet the following qualifications:

- Submit all required documents in Section 4 – Response Requirements.

- Firms must be in business, operating in the current trade / providing the service under the same company name, in the State of Colorado, for a minimum of the last three (3) consecutive years. Vendor shall have employees/staff that are qualified to perform services under the solicitation.
- Vendors must be licensed in the cities and counties which the District operates and localities along the Front Range of the State of Colorado. Licenses, where applicable, shall match work being performed.
    - Please provide a list of jurisdictions and trade categories in which your organization is legally qualified to do business and indicate registration or license and certificate numbers.
    - Also, where applicable, list the employees associated with each license and/or certification.
    - If your firm is seeking qualification in a trade that is not issued a typical license by a city, please respond to this with "Not Applicable"
- All services and products must be accessible to individuals with disabilities and adhere to all State of Colorado and federal laws.

Section 4 – Response Requirements

The purpose of this section is to specify a format for responses to the solicitation, to provide a guide for Vendors to ensure all required information is submitted, and to facilitate the District's review of proposals.

Submissions are due on or before the Submission Deadline provided in Section 2 - Schedule of Activities and Timeline. Late submissions will not be accepted.

IMPORTANT - Your ability to follow submission requirements will be considered in whether or not your response will be accepted for this solicitation and what is evaluated.

Submission Instructions

Responses must be sent via email to bailey.pritchard@bvsd.org.
Please label subject line of the email "BVSD RFP 27-07 Response – [Vendor Name]".
Submissions made in any other way will not be accepted.

Note: As email delivery issues can occur from time to time, the District strongly recommends that Vendors request confirmation of receipt.

Response Requirements

Vendors must submit three (3) separate files, in the overall format as outlined in this solicitation, for the response to be considered complete:

- File 1 – Proposal
- File 2 – Pricing
- File 3 – Draft Contract

Do **NOT** submit a .zip file, link to a Google or Dropbox folder, etc.

File 1 – Proposal

Submit in PDF format and label file as "BVSD RFP 27-07 Proposal – [Vendor Name]"

Vendors are strongly encouraged to keep their responses concise and brief. Proposal files must be limited to **thirty (30) pages maximum** and include the following, in order:

- DECLARATION AND SIGNATURE PAGE – Provide originally signed document, see Attachment A.

- OVERVIEW OF VENDOR FIRM – Provide a brief description of the Vendor's organization and services.
    - Narrative (general introduction and information)
    - Years in the industry
    - Company locations(s) and website
    - If applicable, list company's registration certification and/or license designations that are currently active in the state of Colorado.
    - Include specific information concerning staff that would be assigned to work on this project, with their professional qualifications and related experience. Indicate specific experience working with K-12 and other local governments.
    - Include an organization chart with identification of staff and brief position descriptions.
    - If applicable, list professional certifications and/or license designations that staff maintain for the State of Colorado. / List all professional registration certification and/or license designations and numbers that are currently active in the State of Colorado. Do not list any inactive registration and/or license designations. All licensed professionals responsible for proposed services must be directly employed by the responding Vendor and not employed as subcontractors.
    - Provide a summary of your firm's relevant expertise and experience in providing the services, especially as it relates to school sites and facilities. What differentiates your services from other providers?
    - Provide a proposed work plan for assisting the District. This may include providing a response based upon the scope of services outlined within this solicitation and any alternative scope of work you may recommend, as appropriate, based upon your experience and expertise.
    - Identify Vendor point-of-contact for any questions or concerns relative to this response and the resulting services. Provide name, title, address, telephone and e-mail address.
- REFERENCES – Provide three (3) business references from the last five (5) years. Each of the references should be for work or services:
    - Similar to the requirements of this solicitation
    - Be completed in an environment of adjacent occupancy with minimal disruption to community and local residents
    - Should demonstrate the ability to work in a learning environment and spaces occupied by minors.
- Provide the following for each reference:
    - Description of work performed
    - Contact name, address, email address and phone number (please ensure information is current)
- CERTIFICATE OF GOOD STANDING - Certificate of Good Standing from the Colorado Secretary of State (found at http://www.sos.state.co.us/biz/BusinessEntityCriteriaExt.do) or the summary page which shows the firm's status with the Colorado Secretary of State.
- CERTIFICATE OF INSURANCE – COI demonstrating the coverage required in the Draft Contract (see Attachment C).
- RESPONSE TO SCOPE OF SERVICES – The Vendor's response shall follow the same format as the RFP.
    - For each part of the Scope of Services you are responding to, describe how your company can provide the required services per Section 3 – Scope of Services in the order listed in the solicitation, with a detailed breakdown and description of the specific services and data to be provided, ensuring, at a minimum, compliance with the requirements. Confirm compliance with each requirement.

- Clearly indicate which part(s) of the Scope of Services you are responding to and separate your response to each part.
- Specifically identify your anticipated needs of District staff assistance in performing the requirements under the Scope of Services.

- ADDITIONAL SERVICES / COMMENTS (OPTIONAL)
  - Describe any additional/alternative services related to this solicitation which may be of value to the District. If appropriate, identify any associated cost within the pricing packaged separately from the response.
  - Please add additional comments, background information, data, etc., which you feel are pertinent and would assist in the selection process.

File 2 – Pricing

Submit in Excel format and label file as "BVSD RFP 27-07 Pricing – [Vendor Name]"

This file must include the following:

- PRICING – Pricing must be submitted on the Excel file packaged separately in Bidnet. See Attachment B for instructions.
  - Pricing and pricing information must be submitted in a separate file and shall not be referenced within the main proposal document.
  - Pricing quoted by a Vendor shall include all fees, costs and expenses, including, but not limited to, all costs for consulting, labor, materials, travel, out-of-pocket expenses, administrative costs, supplies, mailing charges, communications, data compilation, analysis, reporting, delivery, and subcontractors, unless otherwise indicated in the solicitation.
  - Estimated prices are not acceptable.
  - All of the contents and fees must be guaranteed for ninety (90) days from the submission date.
  - The price will be considered in determining the successful Vendor.

File 3 – Draft Contract

Submit in Word format and label file as "BVSD RFP 27-07 Draft Contract – [Vendor Name]"

This file must include the following, in order:

- ACCEPTANCE OF DISTRICT TERMS AND CONDITIONS – see Attachment C. The Vendor's signature on its response to this RFP is confirmation that the Vendor understands and acknowledges that any award will require that a contract between the District and the Vendor be executed and that the contract will include the terms and conditions set forth in Attachment C.
  - Questions, comments, or concerns with regard to the contract terms and conditions must be included with this file. Absent any such attachment, the District will assume the Vendor's full acceptance of the contract terms and conditions.
- DRAFT CONTRACT REDLINES (if applicable) – see Attachment C for instructions.

Section 5 – Evaluation of Responses

The District Evaluation Committee will judge the merit of responses received in accordance with the criteria described below (in no particular order):

- Completeness, overall responsiveness, ability to follow submission directions
- Qualifications / experience of the firm and references
- Degree to which the response meets or exceeds the requirements of the solicitation
- Ability to meet District contracting requirements
- Cost for services contained in the Response

Note: Proposals will be evaluated independently for each of the three sections of this solicitation.

Section 6 – Terms and Conditions

A. Invitation to Submit Solicitation The District invites Vendors who have an interest to submit a response in accordance with terms of this solicitation.

B. Purpose This solicitation provides prospective Vendors with sufficient information to enable them to prepare and submit a response for consideration by the District to satisfy the need for expert assistance in the completion of the goals of this solicitation.

C. Scope This solicitation contains the instructions governing the response to be submitted and the material to be included therein, the mandatory requirements which must be met to be eligible for consideration; and other requirements to be met by each response.

D. Inquiries Vendors may make written inquiries concerning this solicitation to obtain clarification of requirements. Inquiries made in person, by email, or by telephone will not be accepted. Inquiries shall not be accepted after the date and time indicated in the Schedule of Activities and Timeline.

E. Modification or Withdrawal of Response Submission may be modified or withdrawn by the Vendor prior to the Submission Deadline set forth in the Schedule of Activities and Timeline.

F. Response Submission Response shall be received before the submission deadline as indicated in the Schedule of Activities and Timeline. Late responses may not be accepted. It is the responsibility of the Vendor to ensure that the submission is received by the District before the submission deadline indicated in the Schedule of Activities and Timeline. Submissions will be time-stamped upon email receipt. The original response must be dated and signed by a person who is legally authorized to bind the Vendor to the response, with that person's name and title clearly identified on the Signature Page. The format of the Signature Page is provided as an attachment to this document. Vendors shall submit the response and any attachments electronically by email. Submissions that are determined to be at a variance with this requirement may not be accepted.

G. Addendum or Supplement to Solicitation In the event that it becomes necessary to revise any part of this solicitation, a modification notice will be issued by the District in in BidNet.

H. Objections to Terms; Notice to District of Errors If a Vendor objects on any ground to any provision or legal requirement set forth in this solicitation, such Vendor shall, not more than seven (7) calendar days after the solicitation is issued, provide written notice to the Solicitation Contact setting forth with specificity the grounds for the objection. Any failure to object in the manner set forth in this section shall constitute a complete and irrevocable waiver of any such objection. This requirement excludes proposed modifications to a District contract or agreement if the process for proposing modifications is addressed elsewhere within this solicitation. Each Vendor is responsible for reviewing all portions of this solicitation and shall promptly notify the Solicitation Contact in writing if the Vendor discovers any ambiguity, discrepancy, omission, or other error in this solicitation (an "Error Notification"). Any Error Notification should be delivered via email promptly after discovery, but in no event later than the Deadline for Written Inquiries as set forth in the Schedule of Activities and Timeline.

I. Acceptance of Solicitation Terms A response submitted in response to this solicitation shall constitute a binding offer. The autographic signature of the Vendor shall indicate acknowledgment of this condition. Signature shall be that of a person legally authorized to execute contractual obligations. A submission in response to this solicitation acknowledges acceptance by the Vendor of all terms and conditions including compensation, as set forth herein. A Vendor shall identify clearly and thoroughly any variation between its response and the District's solicitation requirements. Failure to do so shall be deemed a waiver of any rights to subsequently modify the terms of performance, except as outlined or specified in the solicitation. Vendors, please note: if you do offer suggested modifications, the decision to reject, accept or further negotiate requested changes will be at the District's sole discretion.

J. Confidential/Proprietary Information Any proposed restrictions for the use or inspection of material contained within the response shall be clearly stated in the response itself.

- Step 1. Written requests for confidentiality shall be submitted by the Vendor with its response. The Vendor must provide a justification and state specifically what elements of the response are to be considered confidential/proprietary.
- Step 2. Confidential/proprietary information must be readily identified, marked, and packaged separately from the rest of the response. Emailing one (1) document of the confidential/proprietary information as a separate document to the Solicitation Contact is recommended. Commingling of confidential and/or proprietary information with other information is NOT acceptable and will not be considered confidential.
- Step 3. The District Representative will make a determination as to the apparent validity of any written request for confidentiality. Neither a response in its entirety, nor response price information will be considered confidential and proprietary. Any information that will be included in a resulting contract cannot be considered confidential.

K. Response Prices Estimated response prices are not acceptable unless requested for budgeting purposes. Response prices will be considered a Vendor's best and final offer, unless otherwise stated in the solicitation. All of the response contents and fees must be guaranteed for ninety (90) days from the response date. The response price will be considered in determining the apparent successful Vendor. If the solicitation process will not directly result in an award, estimated budget amounts submitted by Vendors in response to the solicitation will not be disclosed to other Vendors and/or to the general public to the extent allowed under Colorado Open Record Act. Estimated budgets provided by Vendors in response to the solicitation may be a factor in the selection of prequalifying Vendors to participate in additional District solicitation processes.

L. Response Review and Evaluation Responses received from Vendors will be reviewed by a committee according to the evaluation criteria identified in this solicitation. The Committee will review, rank and/or score submissions and make a recommendation for award. The committee may request additional information from Vendors before awarding. This selection will be for award to the Vendor(s) whose response is determined to be most advantageous to the District, in the District's sole discretion. The committee may also, in its discretion, pre-qualify or otherwise establish a select number of Vendors to whom the District will invite to negotiate or respond to additional District-issued solicitations.

M. Personal Interviews/Demonstrations Vendors may be invited by the evaluation committee to participate in personal interviews and/or demonstrations. If applicable, the date and location are set forth in the Schedule of Activities and Timeline within this solicitation. Vendors, by responding to this solicitation, are confirming their availability to participate in an interview on this date, if selected by the District as a finalist. Inability of a Vendor to be available on the designated interview date may result in elimination of that Vendor for consideration of award. Any costs associated with Vendor participation in the personal interview/demonstrations (i.e., travel costs) shall be at the Vendor's expense.

N. Best and Final Offers The District may, at its sole option, either accept a Vendor's initial response by award of a contract or enter into discussions with Vendors whose responses are deemed to be reasonably susceptible of being considered for award. In conducting discussions, there shall be no disclosure of any pricing information derived from responses submitted by a competing Vendor. Vendor(s) may be invited to submit a "Best and Final Offer" to the District for consideration. Best and Final Offers will be made at the Vendors' expense. After receipt and review of the Best and Final Offers, the District will determine the successful Vendor.

O. District Board of Education Approval Depending on the final scope of services as determined by the District, it may be necessary to receive Board of Education approval prior to issuance by the District of a purchase order to the successful Vendor or execution of a contract with the successful Vendor. The District will make efforts to obtain Board approval as soon as reasonably possible.

P. Equal Employment Opportunity A Vendor submitting an RFQ response shall not hire, discharge, promote, demote, or otherwise discriminate in matters of compensation, terms, conditions or privileges of employment against any person otherwise qualified solely because of race, creed, color, sex, sexual orientation, national origin, ancestry, disability, age, or other protected status.

Q. Award of Contract(s) The Vendor whose response, conforming to the solicitation, determined by the Evaluation committee as the most advantageous to the District, price and other factors considered will be awarded a contract as applicable. A contract, as applicable, must be completed and signed by all parties concerned. In the event the parties are unable to enter into a contract, the District may elect to cancel the award and make the award to the next most responsible Vendor.

R. Multiple Awards The District reserves the right to award this solicitation in part, to multiple Vendors, if so determined by the District to be in the best interests of the District.

S. Standard Contract A standard District contract template, as applicable, may be included as an attachment to this solicitation. If a Vendor has any Questions, comments, or concerns must be included with your response. Exceptions requested, or alternative language suggested, will be treated as a "counter-offer." The willingness and/or ability of the Vendor to accept or negotiate such suggested changes will be considered on a case-by-case basis. Vendor please note, If you do offer suggested modifications, the decision to reject, accept, or further negotiate requested changes will be at the District's discretion.

T. Acceptance of Response Content The contents of the response (including persons specified to implement the project) of the successful Vendor will become contractual obligations if acquisition action ensues. Failure of the successful Vendor to accept these obligations in a contract, purchase order, or similar authorized acquisition document may result in cancellation of the award and such Vendor may be removed from future solicitations.

U. Solicitation Cancellation The District reserves the right to cancel this solicitation at any time, without penalty or explanation.

V. District Ownership of Contract Products/Services

Submissions, upon Submission Deadline set forth in the Schedule of Activities and Timeline, become the property of the District. All products/services produced in response to the contract(s) resulting from this solicitation will be the sole property of the District, unless otherwise noted in the solicitation. The solicitation requirements and the contents of the successful Vendor's response, clarifications and/or best and final offers will become contractual obligations.

W. Incurring Costs The District is not liable for any cost incurred by Vendors prior to issuance of a legally executed contract, purchase order, or other authorized acquisition document ("Contract"). No property interest, of any nature, shall occur until a Contract is awarded and signed and / or accepted by all concerned parties.

X. Non-Discrimination The Vendor shall comply with all applicable State and Federal laws, rules and regulations involving non-discrimination on the basis of race, color, religion, national origin, age, sex, sexual orientation, disability, or other protected status.

Y. Rejection of Responses The District reserves the right to reject any or all submissions and to waive informalities and minor irregularities in response received and to accept any portion of a response or all items proposed if deemed in the best interest of the District.

Z. Parent Company If a Vendor is owned or controlled by a parent company, the name, main office address and parent company's tax identification number shall be provided in the response. The tax identification number provided must be that of the Vendor responding to the solicitation.

AA. News Releases News releases pertaining to this solicitation or any resulting contract shall NOT be made without prior written approval by the District.

BB. Certification of Independent Pricing Determination Except as otherwise disclosed with particularity, through its submission of a quote, bid, or offer, the Vendor certifies that the prices and other terms in the quote, bid, or offer have been arrived at independently without any consultation, communication, agreement with, or

knowledge of the contents of the quote, bid, or offer by, any other competing Vendor. For purposes of this paragraph, "consultation, communication, agreement with, or knowledge" does not include knowledge of prices or terms gained through availability of established price lists or catalogs made available to the public by the competing Vendor. No attempt has been made or will be made by the Vendor to induce any other person or firm to submit or not to submit a response for the purpose of restricting competition.

CC. Reservation of Rights The District reserves the right to:

- reject any and all responses received as a result of this solicitation;
- waive or decline to waive any informalities and any irregularities in any response or responses received;
- request clarification(s) of the Vendor's response;
- adopt all or any part of the Vendor's response;
- negotiate changes in the scope of work or services to be provided;
- engage the successful Vendor for future studies and/or reports related to the scope of work set forth in this solicitation based upon future needs as determined by the District;
- withhold the award of contract
- select the Vendor it deems to be most qualified to fulfill the needs of the District. The lowest priced response will not necessarily be the one most qualified, since a number of factors other than price are important in the determination of the most acceptable response.

DD. Confidentiality of District Information The Vendor acknowledges that it may come into contact with confidential information contained in the records of the District. The confidentiality of all information will be respected, and no confidential information shall be distributed or sold to any third party nor used by the Vendor or the Vendor's employees, subcontractors or assignees in any way except as expressly authorized in writing by the District, nor be retained in any files of the Vendor. No reports, information, or data provided to the Vendor or prepared by the Vendor shall be made available by the Vendor to any individual or organization without prior written approval of the District. Disclosure of such information may be cause for legal action against the Vendor. Defense of any such action shall be the sole responsibility of the Vendor. If applicable, successful Vendor personnel may be required to sign a HIPAA Business Associate Agreement form and/or District Data Protection Agreement.

EE. Student Data Protection/ Privacy The safekeeping of student personally identifiable information (PII) is a critical concern of the District's. If this solicitation requires a Vendor to obtain nand / or store PII, they will have to meet high standards of data security and protection and when applicable will have to sign a Data Protection Agreement.

FF. Solicitation Compliance All participating Vendors, by their signature, shall agree to comply with all of the conditions, requirements and instructions of this solicitation as stated or implied herein. Should the District omit anything from this document which is necessary to a clear understanding of the work, or should it appear that various instructions are in conflict, the Vendor shall inquire and secure written instructions from the District Representative by the written inquiry deadline set forth in the Schedule of Activities and Timeline for this solicitation.

GG. Service Commitment The successful Vendor shall commit that the level of service (number and experience of people and hours) and identified personnel committed to the District in the successful Vendor's response shall be maintained throughout the resulting contract, including extensions. If the successful Vendor wishes to make key staff changes during the term of the contract, including any extensions, the District requires pre-approval by the District of that individual's replacement.

HH. Equal Employment Opportunity. A Vendor submitting a response shall not hire, discharge, promote, demote, or otherwise discriminate in matters of compensation, terms, conditions or privileges of employment against any person otherwise qualified solely because of race, creed, color, sex, sexual orientation, national origin, ancestry, disability, age, or other protected status.

II. Non-Discrimination The Vendor shall comply with all applicable State and Federal laws, rules and regulations involving non-discrimination on the basis of race, color, religion, national origin, age, sex, sexual orientation, disability, or other protected status.

JJ. Premises Access The successful Vendor shall not knowingly employ on Boulder Valley School District premises any persons convicted of any felony or misdemeanor crime of unlawful sexual behavior involving children.

KK. Cooperative Purchasing Efforts The District is a member of, or affiliated with, several regional professional procurement organizations within Colorado and Wyoming. These organizations are comprised of governmental purchasing agents, or agency representatives responsible for the purchasing function. These organizations include:

- Colorado Educational Purchasing Council (CEPC) - A cooperative purchasing organization comprised of purchasing agents/buyers representing all Colorado public school Districts.
- Multiple Assembly of Procurement Officials (MAPO) - A cooperative purchasing organization comprised of procurement representatives from state, county, municipal, governments, special Districts or school Districts along the front range of the Rocky Mountains in Colorado.
- Rocky Mountain Governmental Purchasing Association (RMGPA) - A chapter member of the National Institute of Governmental Purchasing (NIGP), consisting of public procurement professionals and their representative agencies which include approximately 100 state, county, and municipal governments; school Districts and higher education; and other special Districts.

Any member of these organizations, at its discretion, may avail itself of the contracts or awards that result from this bid with reasonable allowances for service delivery areas or other material factors that can be documented as impacting the price structure. The District is not legally bound to any contractual agreement made between a cooperative member and a successful Bidder(s).

LL. Payment Method District's preferred method of payment is by a Procurement Card aka PCard. Vendor should indicate whether it is able to accept PCards as a form of payment.

MM. Supplier Portal Awarded Contractor will be required to register in the BVSD Supplier Portal. Information and instructions will be provided upon award.

ATTACHMENT A – DECLARATION & SIGNATURE PAGE

THIS PAGE MUST BE COMPLETED AND INCLUDED WITH THE VENDOR'S RESPONSE

This proposal submission is for (check all that apply):

- ❑ Part 1 – Annual Fire Sprinkler System Inspections
- ❑ Part 2 – Ongoing Fire Sprinkler Maintenance and Repairs (Prequalification)
- ❑ Part 3 – Portable Fire Extinguisher Annual Testing and Maintenance

DECLARATION: I hereby certify that the information provided in this solicitation response made to Boulder Valley School District is true and correct and I am duly authorized to submit this response. No Board of Education member, member of a District board or committee, employee of the District, or any such person's spouse, child, parent, brother, sister, dependent, or person assuming a relationship being the substantial equivalent of the above, has a direct or indirect financial or personal interest in the proposing firm or this request for qualifications except as follows:

_____.

I acknowledge that this certificate is accurate and complete and is subject to applicable Local, State, and Federal laws, both criminal and civil. I hereby certify that the firm has reviewed this solicitation and the District's standard contract and accepts its terms and conditions, subject only to specifically requested modifications set forth in this solicitation response.

ATTACHMENT B – PRICING

PRICING MUST BE SUBMITTED SEPARATELY FROM THE PROPOSAL FILE

See the file "RFP 27-07 Attachment B – Pricing and Locations.xlsx" (packaged separately in Bidnet).

- Note that there are three (3) tabs on this spreadsheet corresponding to the three (3) parts of the Scope of Services.
- Vendors may add rows, columns, or comments as needed.

ATTACHMENT C – DRAFT CONTRACT

THIS PAGE MUST BE COMPLETED AND INCLUDED WITH THE VENDOR'S RESPONSE

The file "RFP 27-07 Draft Contract.docx" (packaged separately in Bidnet) contains an example contract template. A Vendor's response to this RFP is confirmation that the Vendor understands and acknowledges that any award will require that a contract between the District and the Vendor be executed, and that the contract will include the terms and conditions set forth in the Draft Contract. Once the RFP has been awarded, final contract documents similar to these will be sent for your signature.

IF YOUR COMPANY NORMALLY SEEKS LEGAL REVIEW OF CONTRACT TERMS, THIS PROCESS SHOULD OCCUR PRIOR TO SUBMISSION OF YOUR RESPONSE, AND YOUR OFFER MUST IDENTIFY ANY TERM OR CONDITION YOU TAKE EXCEPTION TO AND HOW YOU WOULD SUGGEST IT BE RESOLVED. PROPOSED CHANGES MUST BE MADE IN REDLINE DIRECTLY ON THE DRAFT CONTRACT AND INCLUDED IN FILE 3 OF YOUR SUBMISSION.

Please check one and return with your response:

- ❑ You acknowledge that you accept the terms and conditions of the Draft Contract.
- ❑ Proposed changes are shown in redline on the attached Draft Contract.

IMPORTANT NOTE: Exceptions requested, or alternative language suggested, will be treated as a "counter-offer." The willingness and/or ability of the Vendor to accept or negotiate such suggested changes will be considered on a case-by-case basis. Vendor please note, ***IF you do offer suggested modifications, the decision to reject, accept, or further negotiate requested changes will be at the District's discretion***.
