Award of Contract: **Est. December 01, 2026**

Notice to Proceed: **Est. TBD**

SECTION 2 - GENERAL INSTRUCTIONS AND PROPOSAL REQUIREMENTS

1. Proposals shall be clearly marked with the **RFP 2026-1119-001 Roof Replacement & Gutter Project- Multiple County Facilities** , Company Name, contact person, mailing address, telephone number of the responder, and contact email address.

2. **All proposals submitted must include two (2) copies of the following documents: Cover Letter, Proposal Reply Form, Complete Project Schedule, (if applicable), and References Form. Failure to submit all required documents may result in rejection of the proposal.**

3. The responder should address each work area in sufficient detail to demonstrate a clear and full understanding of the work necessary to complete the project, indicate that it has performed adequate planning to accomplish project tasks, explain how management of the project will be performed and a breakdown of the price for all unit costs for material, labor, other direct costs, indirect costs and profit/fee.

4. Any responder **is highly encouraged to attend the** pre-proposal conference/walkthrough on October 29, 2026 at the Morgan County Commissioners Building at 10:00 A.M. MST. If a responder does not attend the pre-bid site visit and is the successful responder, the County requires a term in the contract that no change orders will be permitted.

5. It shall be the responsibility of the responder to ensure that the proposal is in proper form and in the County's possession on or before the time and date designated in the RFP. **PROPOSALS WILL NOT BE ACCEPTED AFTER THE DESIGNATED TIME AND DATE.** Any proposal received late will be returned to the responder unopened, if possible.

6. If a mistake is made or discovered during or after the County's review of proposals, the County reserves the right to determine which party made the mistake and whether the mistake is material and, after these determinations, the County, in its sole reasonable discretion, shall decide whether to accept or reject the proposal. No advantage shall be taken by any party of manifest clerical errors or omissions in any proposal. Responders shall notify the County immediately of any errors or omissions that are encountered.

7. Any item which does not meet all of the terms, conditions, or specifications of this package must be clearly indicated in the exceptions section of the Proposal Reply Form. It may also be on a separate sheet of paper and returned with the proposal.

8. The County shall not reimburse any responder for any cost incurred in preparing a proposal or attending equipment demonstrations, inspections, pre-proposal conferences, or interviews.

9. Any amplification, clarification, explanation, interpretation, or correction of a proposal shall be made only by written addendum, and a copy of the addendum shall be mailed or delivered to each person receiving an RFP. The County is not responsible for any amplification, clarification, explanation, interpretation or correction of a proposal not contained in written addenda.

10. Questions may only be submitted in writing through email to bccadmin@co.morgan.co.us or Bidnet. Proposals will only be provided through Bidnet and the County's website.

11. Proposals by corporations shall be executed in the corporate name by the president or a vice-president (or a corporate officer accompanied by evidence of authority to sign), and the corporate seal shall be affixed and attested by the secretary or an assistant secretary. The corporate address and state of incorporation shall be shown. Proposals submitted by partnerships shall be executed in the partnership name and signed by a partner, and the legal address of the partnership shall be shown. Proposals submitted by limited liability companies shall be executed in the company's name and signed by a member, and the legal address of the company shall be shown. Names and titles shall be typed or printed below each signature.

12. **Morgan County may grant a 5% preference to local businesses. A local business shall be a business which maintains a physical place of business in Morgan County.**

13. No proposal shall include federal excise taxes or state or local sales or use taxes.

14. Each proposal shall include a statement of standard warranty of the manufacturer if applicable.

15. Any proposal received as a result of this request is prepared at the responder's expense and becomes County property. Proposals are public records under Colorado Open Records Act. If responder considers any information confidential, responders shall mark such information as "Confidential".

16. No proposal may be withdrawn for a period of sixty (60) days after the deadline for proposals.

17. The County reserves the right, if it deems such action to be in its best interests, to reject any and all proposals, or to waive any irregularities or informalities therein. The County may also accept specific components or schedules of an overall proposal and reject other components or schedules. Any incomplete, false, or misleading information provided by any responder shall be grounds for rejection of the proposal. If proposals are rejected, the County further reserves the right to investigate and accept the next best proposal in order of ranking, or to reject all proposals and re-solicit for additional proposals.

18. The County reserves the right to determine, in its sole reasonable discretion, whether any proposal meets the needs or purposes intended and is within the approved budget. The County does not base its award on price alone. Other factors considered, depending on the needs of the County and the scope of the RFP, may include: quality of product; past experience with the responder or any subcontractors, consultants, products or suppliers; qualifications of the responder and/or subcontractors or suppliers; services offered; warranties; maintenance considerations; long-range costs; delivery; and similar conditions. The County reserves the right to conduct such investigations as it deems necessary to assist in the evaluation of any proposal to establish the experience, responsibility, reliability, references, reputation, qualifications, or

financial ability of any responder, manufacturer or supplier. The purpose of such investigation is to satisfy the County that the responder can supply the specified product/service and to perform the necessary warranty and product support in accordance with the RFP in the prescribed manner and time.

19. In the event of any claim, suit, or demand which may result from any proposal, or the award of any contract as a result of submission of a proposal, Colorado law shall govern any such claim, suit, or demand and the rights and duties of the parties.

20. **By submitting a proposal, the responder acknowledges that (a) the preparation of the proposal, and other quotations herein contained, does not obligate the County in any way; (b) the responder has reviewed and understands all aspects of the RFP and the work necessary to complete the project; and (c) the responder has the ability to deliver the product/equipment/service as specified herein in accordance with the RFP.**

21. The successful responder will be required to execute the County's contract which at a minimum contains the following requirements:

    A. Minimum Insurance Requirements:

        i. Worker's Compensation insurance to cover obligations imposed by applicable law

        ii. Employer's Liability insurance with minimum limits of five hundred thousand dollars ($500,000) each accident, one million dollars ($1,000,000) disease – policy limit, and one million dollars ($1,000,000) disease – each employee.

        iii. Commercial General Liability insurance with minimum combined single limits of one million dollars ($1,000,000) each occurrence and one million dollars ($1,000,000) general aggregate. The policy shall be applicable to all premises and operations, and shall include coverage for bodily injury, broad form property damage, personal injury (including coverage for contractual and employee acts), blanket contractual, products, and completed operations. The policy shall contain a severability of interests' provision, and shall include the County and the County's officers, employees, and contractors as additional insureds. No additional insured endorsement shall contain any exclusion for bodily injury or property damage arising from completed operations.

    B. Performance/Payment Bonds:

        A Payment and Performance Bond in the full amount of the Contract Price. The bond shall remain in effect for two years after the date of Final Completion.

C. Warranty for Work

All work must be warranted for a two-year period after the date of Final Completion.

D. Payment Terms

i. Periodic progress payments will be made to Contractor within thirty (30) days following approval of the work completed. A progress payment shall be made only after Contractor has submitted an application for a progress payment on a form provided by the County, and if requested by the County, Contractor shall submit copies of invoices from subcontractors or supplies and partial waivers executed by each.

ii. Progress payments shall be in an amount equal to 95% of the work actually completed. Such determination shall include materials and equipment not incorporated in the Work but delivered to the work site and suitably stored. The County shall retain 5%.

iii. If Contractor fails to complete any required Work within the time period agreed between Contractor and the County, or within any time period set forth in the Contract Documents, as modified or extended, the County is expressly authorized to withhold any progress payment for such work until such work is completed.

Specific Project Requirements

Project Overview

Morgan County Building Maintenance Department is requesting proposals from qualified roofing contractors for roof replacement, gutter replacement, and related work at multiple Morgan County facilities. The Contractor shall provide all labor, materials, equipment, supervision, transportation, disposal, permits, and incidental work necessary for a complete, weather-tight installation.

Project Schedule

Provide an anticipated start date, completion date, and estimated number of working days. The Contractor shall coordinate work at occupied County facilities with Morgan County Building Maintenance to minimize disruption to County operations.

Alternates and Exceptions

Any proposed alternate, substitution, value-engineering option, exception, or additional work shall be clearly identified and priced separately. Alternatives shall not replace the Base Bid unless approved in writing by Morgan County.

Site Visit and Measurements

Contractors are responsible for verifying all measurements and existing conditions. The County strongly encourages inspection of all project locations before submitting a proposal. Failure to verify site conditions may limit eligibility for change orders as provided in Section 2 (not normally excepted).

Contractor Qualifications and Submittals

With the proposal, provide product information for proposed metal roofing, asphalt shingles, gutters/downspouts, and the Justice Center skylight dome; proposed project schedule; at least three references for comparable work completed within the last three years; and manufacturer/workmanship warranty information.

General Roofing Requirements

Existing Conditions and Roof Deck: Contractor shall inspect each location before bidding. Any deteriorated roof decking or concealed damage discovered during removal shall be documented and brought to Morgan County Building Maintenance for approval before additional work is performed. Any such work shall be priced separately unless otherwise authorized in writing.

Gutters and Downspouts: Contractor shall field-verify existing conditions and provide properly sized gutters and downspouts, including slope, outlets, elbows, end caps, connectors, sealants, and secure attachment. Contractor shall identify proposed gutter and downspout sizes and materials.

Asphalt Shingles: Asphalt shingles at the Commissioners, Coroner's & Garage, Extension Office & Garage, and Driver's License Buildings shall be Class 4 impact-rated shingles. Responders shall identify the manufacturer, product, color, impact rating, and applicable manufacturer warranty.

Metal Roofing: Metal roofing at the Ambulance Service, Voter, and Road & Bridge Equipment Lean-too shall be a minimum 26-gauge system. Responders shall identify the manufacturer, product/profile, gauge, finish/coating, and applicable manufacturer warranty. Please note that the County will keep all removed metal roofing.

All roofing work shall include, as applicable: removal and disposal of existing roofing materials; underlayment; flashing; drip edge; ridge/ventilation components; valleys; pipe and roof penetration flashing; fasteners; sealants; trim; closures; gutters; downspouts; protection of existing building components; daily cleanup; final cleanup; and all incidental work required for a complete installation.

A. Ambulance Service Building – 26-Gauge Metal Roof and Gutters

Location: 1000 E. Railroad Ave. Fort Morgan, CO 80701

Provide complete replacement of the existing roof with a minimum 26-gauge metal roofing system, including removal and disposal of existing roofing as required, underlayment if required, flashing, trim, closures, fasteners, sealants, treatment of penetrations and transitions, and new gutters and downspouts. The completed system shall be watertight and properly drained.

B. Voter Building – 26-Gauge Metal Roof and Gutters

Location: 17750 HWY 144 Fort Morgan, CO 80701

Provide complete replacement of the existing roof with a minimum 26-gauge metal roofing system, including tear-off/disposal as required, underlayment if required, flashing, trim, closures, fasteners, sealants, penetrations, transitions, and new gutters and downspouts. The completed system shall be watertight and properly drained.

C. Road & Bridge Equipment Lean-to – 26-Gauge Metal Roof and Gutters

Location: 17303 CR S Fort Morgan, CO 80701

Provide complete replacement of the existing roof with a minimum 26-gauge metal roofing system, including tear-off/disposal as required, underlayment if required, flashing, trim, closures, fasteners, sealants, penetrations, transitions, and new gutters and downspouts. The completed system shall be watertight and properly drained.

D. Commissioners Building – Class 4 Asphalt Shingle Roof and Gutters

Location: 218 West Kiowa Ave. Fort Morgan, CO 80701

Provide complete replacement of the existing roof with Class 4 impact-rated asphalt shingles, including removal and disposal of existing roofing, underlayment if required, ice and water protection where required, flashing, drip edge, ridge/ventilation components as applicable, treatment of penetrations and transitions, and new gutters and downspouts.

E. Coroner's and Garage Building's – Class 4 Asphalt Shingle Roof and Gutters

Location: 212 South West St. Fort Morgan, CO 80701

Provide complete replacement of the existing roof with Class 4 impact-rated asphalt shingles, including removal and disposal of existing roofing, underlayment if required, ice and water protection where required, flashing, drip edge, ridge/ventilation components as applicable, treatment of penetrations and transitions, and new gutters and downspouts.

F. Extension and Garage Building's Office – Class 4 Asphalt Shingle Roof and Gutters

Location: 914 East Railroad Ave. Fort Morgan, CO 80701

Provide complete replacement of the existing roof with Class 4 impact-rated asphalt shingles, including removal and disposal of existing roofing, underlayment if required, ice and water protection where required, flashing, drip edge, ridge/ventilation components as applicable, treatment of penetrations and transitions, and new gutters and downspouts.

G. Old Driver's License Building – Class 4 Asphalt Shingle Roof and Gutters

Location: 201 Ensign St. Fort Morgan, CO 80701

Provide complete replacement of the existing roof with Class 4 impact-rated asphalt shingles, including removal and disposal of existing roofing, underlayment if required, ice and water protection where required, flashing, drip edge, ridge/ventilation components as applicable, treatment of penetrations and transitions, and new gutters and downspouts.

H. Justice Center – Skylight Dome Replacement

Location: 400 Warner St. Fort Morgan, CO 80701

Remove and dispose of the existing skylight dome and associated components as required. Furnish and install a new skylight dome suitable for the existing opening and application. Contractor shall field-verify dimensions before ordering. Include required curb flashing, seals, gaskets, fasteners, weatherproofing, and repairs to deteriorated components necessary for a complete, watertight installation.
