INVITATION FOR BID (IFB)
NO. 044-26
ALARM MONITORING SERVICES for DOUGLAS COUNTY FACILITIES

YOUR BID RESPONSE MUST BE RECEIVED NO LATER THAN
DECEMBER 3, 2026 @ 2:00 PM MST

BIDDER'S CERTIFICATION

We offer to provide to Douglas County the materials, supplies, products and/or services requested in accordance with the specifications and subject to the terms and conditions of the purchase(s) described herein:

BIDDER: _____

ADDRESS: _____

CITY: _____ **STATE:** _____ **ZIP:** _____

TELEPHONE NUMBER: _____ **FAX NUMBER:** _____

EMAIL: _____

BY: _____
(Printed or Typed Name)

_____
(Signature)

TAXPAYER I.D. NUMBER: _____

Signature constitutes acceptance of all terms and conditions listed on this form and all documents attached.

Bids shall be received **ELECTRONICALLY ONLY** through the Rocky Mountain E-Purchasing/BidNet System website at (www.bidnetdirect.com/colorado/douglas-county-government). All bid responses should consist of one (1) PDF document, without password protection. It is the sole responsibility of the bidder to ensure that their bid response is received on time. Bids will not be considered which are received after the time stated.

Douglas County distributes solicitation documents through the Rocky Mountain E-Purchasing/BidNet System only. Copies of solicitations obtained from other sources are not considered official copies and the County cannot attest to their accuracy. All BidNet System questions must be addressed with BidNet Vendor Support at 800-835-4603.

Douglas County Government reserves the right to reject any or all bids, to waive formalities, informalities, or irregularities contained in the said bid and furthermore, to award an agreement/contract for items herein, either in whole or in part, if it is deemed to be in the best interest of the County to do so. Additionally, the County reserves the right to negotiate optional items and/or services with the successful bidder.

OVERVIEW:

Through this Invitation for Bid (IFB), the Department of Facilities, Fleet & Emergency Support Services of Douglas County Government, hereinafter referred to as the County, respectfully requests bids from responsible and highly-qualified companies for the provision of alarm monitoring services (fire, burglar and panic systems) for designated Douglas County Facilities, as specified.

The initial agreement/contract, issued as a result of this IFB, will be for a period of one (1) year, beginning approximately January 1, 2027 to and including December 31, 2027. All pricing shall be firm and fixed for the initial agreement/contract period. The County shall have the option to renew the award for four (4) additional periods of one (1) year each, with the same terms and conditions. This agreement/contract and any extension to the original period of a subject agreement/contract shall be contingent upon annual funding being appropriated, budgeted, and otherwise made available for such purposes and subject to the County's unanimous satisfaction with the products and services received during the preceding agreement/contract period.

TIME REQUIREMENTS / TENTATIVE BID CALENDAR:

October 27, 2026	Invitation for Bid (IFB), posted on the RME-Purchasing System
November 6, 2026	Invitation for Bid (IFB), deadline for submission of questions
November 12, 2026	Invitation for Bid (IFB), posting of questions/responses
December 3, 2026	Invitation for Bid (IFB), due date (see page one)
December 2026	Final Selection
January 1, 2027	Contract Start Date

BID CONDITIONS AND PROVISIONS:

All bids must be submitted on the forms provided and in accordance with all terms, conditions, specifications, and stipulations contained herein. Bidders shall carefully read and be familiar with all terms, conditions, specifications, and stipulations contained in this IFB, which shall become part of the final agreement/contract.

All bids must be signed by a duly-authorized official of the company. The completed and signed bidder certification page (together with all required attachments) must be uploaded to the Rocky Mountain E-Purchasing/BidNet System before the due date and time shown on page one (1).

All participating bidders, by their signature on the certification page, shall agree to comply with all terms, conditions, specifications, and stipulations of this IFB as stated or implied herein. Any alteration, erasure or interlineation by the bidder in this IFB shall constitute cause for rejection by the County. Exceptions or deviations to this IFB must not be added to the IFB pages and must be on company letterhead and accompany the bid response.

All bidders are required to complete all of the information requested in this IFB. Failure to do so may result in the disqualification of your bid response. When omitting a bid on an item, please insert the words "NO BID".

Prices stated must be in the units specified. In the case of a discrepancy between the unit price and extension price, the unit price shall be considered correct. Minor details omitted by oversight will not constitute an excuse for their omission.

Bid pricing shall be fixed and subject to acceptance or rejection within ninety (90) days of the bid due date.

The County will not be responsible for any goods delivered and/or services performed without its purchase order, signed by an authorized representative of the County's Purchasing Division.

The successful bidder will be required to provide proof of and the required limits of liability insurance, including Workers' Compensation. This proof of insurance must be in the form of a "Certificate of Insurance" and must show coverage in the amounts specified by the laws of the State of Colorado for the duration of any agreement/contract issued as a result of this IFB. Additionally, the County must be notified of any changes

occurring in this coverage and the successful bidder must demonstrate to the County that such changes do not, in any way, affect the minimum liability insurance required for this bid.

All information submitted in response to this IFB may be subject to disclosure under the Colorado Open Records Act. Bidders are discouraged from providing information that they consider confidential and/or privileged as part of their response to this IFB. If any portion of your response is identified as proprietary and/or confidential, a redacted copy must be uploaded to the Rocky Mountain E-Purchasing/BidNet System with your original/complete response.

The successful bidder may be required, as a provision of this IFB, to submit proof of compliance with governmental health and safety codes, regulations and standards, as appropriate.

The successful bidder shall be in complete compliance with all terms, conditions, specifications, and stipulations of this IFB as outlined herein. The County shall have the right to inspect the facilities and equipment of the successful bidder to ensure such compliance.

No bid shall be accepted from, and no agreement/contract will be awarded to, any person, firm or corporation that is in arrears to the County, upon debt or contract, or that is a defaulter, as surety or otherwise, upon any obligation to the County, or that has failed to attain or demonstrate compliance with any law, ordinance, regulation, or agreement/contract term or condition as may be provided for or required in any County agreement/contract, or that may be deemed irresponsible or unreliable by the County. Bidders may be required to submit satisfactory evidence that they have a practical knowledge of the particular work bid upon and that they have the necessary financial resources to perform and complete the work outlined in this IFB.

All bidders agree to abide by all of the laws, regulations, and administrative rulings of the United States, the State of Colorado, and the County of Douglas, securing all necessary licenses/permits in connection with this IFB.

All materials furnished or services performed under the terms of this agreement/contract issued as a result of this IFB shall comply with the requirements and standards specified in the Williams-Steiger Occupational Safety and Health Act (OSHA) of 1970 (Public Law 91-596), as well as with other applicable federal, state, and local codes.

In the event that this IFB requires a formal contract to be prepared by the County, the successful bidder will properly sign and furnish any bonds, insurance, Workers' Compensation, etc. as may be required by the County within ten (10) days (unless a longer period is allowed by the County) from the date of receipt of the formal contract forms.

All bidders must take into consideration that only the County's documents will be used in the finalization of any contract issued as a result of this IFB. Bidders are responsible for reviewing such documents prior to submitting their bid response.

All bidders must submit written disclosure of any known potential conflicts of interest that may result during the purchase of goods and/or the performance of the services listed herein.

ETHICAL STANDARDS:

It shall be a breach of ethical standards for any person to offer, give, or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other capacity in any proceeding of application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or an agreement/contract or subcontract, or to any solicitation or IFB, therefore.

It shall be a breach of ethical standards for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under an agreement/contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

In the event that any gratuities or kickbacks are offered or tendered to any County employee or representative, the bid response shall be disqualified and shall not be reinstated.

ETHICSPOINT/NAVEX GLOBAL:

Douglas County is committed to an environment where open, honest communication is the expectation, not the exception. Douglas County has implemented a phone and Internet-based reporting system called EthicsPoint/Navex Global. The reporting system allows employees to report issues or concerns that they may have in an anonymous and confidential manner. We consider it a critical component in providing a safe, secure, and ethical workplace.

An option within the system allows vendors to also report an issue. As a vendor, you are in a position to observe not only questionable or unethical behavior by our employees but also identify areas that you would like to make a suggestion for change. By calling 1-888-337-3094 or logging-in on the Internet to www.ethicspoint.com and entering Douglas County Government, you can file a report, offer a suggestion or voice a concern. Online instructions are available on how to use the system. The EthicsPoint/Navex Global system also offers a follow-up/response mechanism. You can be assured that this is a fast, easy, and confidential system.

NON-COLLUSIVE BIDDING CERTIFICATION:

By the submission of your bid response, the bidder certifies that:

1) The bid has been arrived at by the bidder independently and has been submitted without collusion with any other bidder.

2) The contents of the bid have not been communicated by the bidder; nor, to the best of their knowledge and belief, by any of their employees or agents, to any person not an employee or agent of the bidder or the surety on any bond furnished herewith, and will not be communicated to any such person prior to the official opening of this bid.

3) No bidder shall submit more than one (1) bid for this purchase.

NON-DISCRIMINATION IN EMPLOYMENT:

In connection with the performance of the work under an agreement/contract issued as a result of this IFB, the successful bidder must agree not to refuse to hire, discharge, promote or demote, or to discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, gender, age, military status, sexual orientation, marital status, or physical or mental disability. The successful bidder must further agree to insert the foregoing provision into all subcontracts.

INDEMNIFICATION:

The County cannot and by this agreement/contract does not agree to indemnify, hold harmless, exonerate or assume the defense of the company or any other person or entity whatsoever, for any purpose whatsoever. The company shall defend, indemnify and hold harmless the County, its commissioners, officials, officers, directors, agents, and employees from any and all claims, demands, suits, actions or proceedings of any kind or nature whatsoever, including Workers' Compensation claims, in any way resulting from or arising from the services rendered under this agreement/contract; provided, however, that the company need not indemnify or save harmless the County, its officers, agents and employees from damages resulting from the sole negligence of the County's commissioners, officials, officers, directors, agents, and employees.

INDEPENDENT CONTRACTOR:

The company is an Independent Contractor and is free to perform services for other clients. Notwithstanding any provision of this agreement/contract, all personnel assigned by the company to perform work under this agreement/contract shall be, and remain at all times, employees of the company for all purposes. The County shall have no responsibility for any federal and state taxes and contributions for Social Security, unemployment insurance, income withholding tax, and other taxes measured by wages paid to employees of the company and/or its designated agents. The company acknowledges that it and its employees are not entitled to Workers' Compensation benefits or Unemployment Insurance benefits from the County, unless the company or a third party provides such coverage, and that the County does not pay for or otherwise provide such coverage. The company shall provide and keep in force Workers' Compensation (and provide proof of such insurance when requested by the County) and Unemployment Compensation insurance in the amounts required by law, and shall be solely responsible for its own actions, its employees and agents.

ASSIGNMENT OF PURCHASE ORDER OR CONTRACT:

The successful bidder may not assign or otherwise transfer any of its rights or obligations under any purchase order or agreement/contract made and entered into pursuant to the County IFB without the prior written approval of the County Purchasing Division.

CANCELLATION:

The County reserves the right to cancel the whole or any part of an agreement/contract issued as a result of this IFB due to the failure of the successful bidder to carry out any term, promise or condition of the agreement/contract. The County will issue a written notice of default to the successful bidder for failing to act in compliance with the terms and conditions of such an agreement/contract.

EXAMINATION OF RECORDS:

The successful bidder agrees that the County shall, until the expiration of three (3) years after the final payment under an agreement/contract issued as a result of this IFB, have access to and the right to examine any directly pertinent books, documents, papers, and records of the bidder involving transactions of such agreement/contract.

PRICE, PAYMENT, AND DELIVERY:

1) All prices shall be firm and fixed for the specified time frame.

2) All payment terms shall be "Net 30"; consideration will be given to any discounts offered for payments made earlier than "Net 30", please explain.

3) In an effort to improve efficiency, Douglas County encourages the use of purchasing cards to make payments. Under this method, payments are made after the verification of the receipt of the goods and services and following the receipt of a proper invoice. Please confirm if this would be an acceptable payment option.

4) All deliveries will be "F.O.B. ~ Destination"

TAXES:

All pricing shall reflect all applicable tax exemptions for Douglas County:

1) Federal Registration Number: 84-6000761

2) State Registration Number: 98-04428

COOPERATIVE PURCHASING:

Douglas County encourages cooperative purchasing in an effort to assist other agencies to reduce their cost of bidding and to make better use of taxpayer dollars through volume purchasing. Vendors may, at their discretion, agree to extend the prices and/or terms of the resulting award to other state or local government agencies, school districts, or political subdivisions in the event they would have a need for the same product/service. Usage by any entity shall not have a negative impact on Douglas County in the current term or in any future terms. The vendor must deal directly with any governmental agency concerning the placement of purchase orders/agreements, freight/delivery charges, contractual disputes, invoices, and payments. Douglas County shall not be liable for any costs or damages incurred by any other entity.

QUESTIONS/INQUIRIES/ADDENDUMS:

All questions related to this IFB must be submitted **ELECTRONICALLY ONLY** through the Rocky Mountain E-Purchasing/BidNet System website at (www.bidnetdirect.com/colorado/douglas-county-government). Please enter only one (1) question per line.

Questions will be received until 5:00 pm MST on November 6, 2026. Responses to all questions will be posted on the Rocky Mountain E-Purchasing/BidNet System no-later-than November 12, 2026.

If it becomes necessary to revise any part of this IFB or if additional data is necessary to enable an exact interpretation of the provisions of this request, an addendum will be issued. It is the responsibility of the potential bidder to ensure that they have received all addendums prior to submitting their IFB response.

EXHIBITS:

1) Exhibit A – Bid Schedule (to be completed and submitted as part of your bid)
2) Exhibit B – Sample Public Contract for Services (for information only)

INVITATION FOR BID (IFB) #044-26
ALARM MONITORING SERVICES
for DOUGLAS COUNTY FACILITIES

BID SPECIFICATIONS

1) Bidders shall provide 24-hour alarm monitoring services from U.L.- Listed monitoring centers with at least two redundant live sites.

2) Bidders shall provide evidence that at least 90% of all critical alarms are actioned by a live agent within less than 30 seconds.

3) Bidders shall provide evidence that at least 95% of incoming phone calls to the monitoring center(s) and service/support center(s) are answered by a live agent within less than 30 seconds.

4) Bidders shall provide alarm notification to customer via phone call, text message, and/or email per individual customer site contract preference.

5) Bidders shall provide the ability to customize alarm notification procedures based on signal type, site location, and/or individual contact preference.

6) Bidders shall be capable of receiving transmitted alarm and trouble signals of detected events from location alarm systems; verifying detected events to determine if any further action is necessary; initiating a request for response (RFR) from appropriate agency(s) should event require dispatch; sequentially notifying all appropriate County authorities, and logging, recording, and documenting all signal transactions in the manner and format as specified herein.

7) Bidders shall provide a central station current database of all County accounts and other information as necessary to ensure continuation of monitoring service without interruption.

8) Subcontractors shall be prohibited.

9) **Primary Central Monitoring Station:** The primary central alarm monitoring station shall be certified as an approved site for alarm monitoring services and be located within 75 miles of Douglas County offices at 100 Third Street, Castle Rock, CO 80104.

   - Monitoring shall be performed via a U.L.-Listed Central Station which must be able to distinguish between an alarm system trouble, phone line trouble, DACT trouble, supervisory system trouble and alarm. The DACT must dial the Central Station using a toll free or local phone number.

10) **Backup Monitoring System:** In the event of failure of equipment at the primary central station, the bidder shall have at least two offsite backup redundant central stations in place operating live and capable of instantaneously and seamlessly handling all incoming signals from each type of alarm system within the County. No site shall be located within 100 miles of any other site.

    - Contractor shall have a disaster recovery and backup plan in place throughout the term of the Contract to prevent the interruption of service. At no time during the term of the Contract shall monitoring services be interrupted. Attach a copy of your disaster recovery and backup plan details in the event of failure of equipment at the central station.

11) **Qualification Requirements:**
    - Bidders shall demonstrate that they have been in business in Colorado for a minimum of 10+ years.
    - Bidders shall demonstrate that they have a minimum of 10+ years' experience servicing security and fire alarm systems.
    - Bidders shall demonstrate they are an authorized Resideo/Honeywell Security & Fire Alarm dealer to properly support/service existing system equipment.

- Bidders shall demonstrate that they have NICET II or higher certified fire technicians on staff and available 24-hours a day for emergency service.
- Bidders must be able to support cellular communication, internet communication, and AES radio communication.
    - Bidders shall demonstrate that they own and operate their own AES radio communication network and licensed frequency in Douglas County for wireless communication of fire alarm signals.
- Bidders shall demonstrate that they have a service center with technicians, support staff, and parts inventory within 20 miles of Douglas County Facilities headquarters to ensure rapid response times.

Central Station Operators shall have completed a current central station training course administered by Security Industry Association (SAI), National Burglar and Fire Alarm Association (NBFAA), Central Station Alarm Association (CSAA) or other nationally recognized trade organization. Bidder shall only assign experienced Operators who have been given proper formal and on-the-job training.

12) **Basic System Functional Operation:**
When an alarm condition is detected and reported by one of the systems initiating devices or appliances, the following functions shall immediately occur:
- Immediate system automated email to designated alarm distribution groups.
- Immediate notification of appropriate authority; 911, Police, Fire, etc.
- Specific signal notification that pinpoints alarm origin through independently triggered zones.

13) **Emergency Dispatch:** Bidder (central station) shall establish and strictly adhere to written confirmation procedures whenever an adverse condition signal is received. It shall be the responsibility of Bidder to immediately notify the specified parties in sequential order as designated by the County whenever a signal has been activated and confirmed. It is understood that the Douglas County Regional Dispatch Center shall always be given first notification with point of alarm activation, if available, whenever an alarm signal has been received. **EXCEPTIONS** are: Park Meadows Center is Parker PD/MetComm, Wildcat Motor Vehicle is DCSO/MetComm, Highlands Ranch Sheriff Substation is DCSO/MetComm and the Public Works Parker Operation Center is MetComm.

14) **Software Platform:** Bidder shall utilize a fully integrated security monitoring software platform such as Stages or similar type program for improved automation, efficiency, and response time.
- The software program must allow for global changes across multiple accounts to ensure accuracy.
- The software program, using a standard web browser, shall allow Douglas County Facilities on-line access to Bidder's website for the purpose of performing remote data management (i.e., notification lists, passcode changes, etc.), and generating location activity reports to include all activity on panel.
- The Bidder will provide Douglas County Facilities software assistance and two (2) four-hour training sessions on different calendar days for Central Station remote access.
- Bidders shall provide Douglas County Facilities with secure web access to all billing information, including but not limited to, outstanding invoices, paid invoices, billing payment methods, service requests, etc.
- Bidders shall provide remote platform that allows the County to monitor and have access to all security systems.
- Bidders shall provide 24/7 remote support for programming of system user codes, account changes, etc.

15) **Reporting and Remote Support**:
- Bidders shall provide Douglas County Facilities with remote access via phone app and website to view all monitoring information, including but not limited to, alarm signal history, point lists, notification/contact lists, passcodes, special instructions, event notes, etc.
- Bidders shall provide Douglas County Facilities with secure web access to edit monitoring account information including, but not limited to, contact info: names, passcodes, phone numbers, emails, etc.
- Bidders shall provide Douglas County Facilities reports of any alarm monitoring and/or system information upon request or at designated regular intervals as determined by Douglas County Facilities.

16) **Central Station Receivers and Access Lines:** Bidder shall provide and maintain sufficient incoming telephone lines and other communication paths and proper receivers at central station, to always ensure uninterrupted signal communication.

17) **Communication Check:** Bidder shall perform a communication check of all alarm systems each twenty-four (24) hour cycle. All exceptions shall immediately be reported via email to the appropriate Douglas County Facilities representative.

18) **Account Representative:** Bidder shall designate one Account Representative who shall be responsible for assisting Douglas County Facilities with quality control issues, billing, and other service-related issues. Representative shall be knowledgeable and familiar with this contract and shall be the liaison between the Bidder and Douglas County Facilities on all matters pertaining thereof.

19) **Repairs:**
Provide the services of a factory trained and authorized technician to perform all system software modifications, repairs, upgrades, or changes. Should an issue arise where a problem requiring immediate repair falls beyond the technical expertise of a responding technician, the Bidder's highest tier service technicians will be contacted to support the responding technician.

The Bidder shall be available 24 hours per day, 365 days per year and shall arrive at the site of an alarm system malfunction within 4 hours of emergency notification. Emergency repairs shall be completed within 24 hours.

Routine repairs shall be made during regular business hours of 8:00am to 5:00pm, Monday through Friday (except Holidays; New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day) the same day of notification or before noon of the following business day. All repairs, maintenance, testing, modifications, additions, shall be as required, on a time and material basis as quoted herein.

Service personnel shall be qualified and experienced in the inspection, testing, and maintenance of fire, burglary, and panic alarm systems. Examples of qualified personnel shall be permitted to include, but shall not be limited to, individuals with the following qualifications:
- Factory trained and certified
- National Institute for Certification in Engineering Technologies (NICET) fire alarm certified
- International Municipal Signal Association (IMSA) fire alarm certified
- Trained and qualified personnel employed by an organization listed by a national testing laboratory for the servicing of alarm systems.

20) **On-Site Maintenance, Repair, and Installation:**
- Bidders shall provide all on-site maintenance, repair, and installation services with employees of Bidder who have completed Douglas County Facilities required background check and authorization process. No subcontractors or non-authorized technicians will be allowed on site. All authorized technicians must always display their Douglas County Facilities badge while working on Douglas County Facilities property.
- Bidders shall respond to all service requests within one business day. Emergency service requests shall be responded to within four hours.
- Bidders shall coordinate all on-site services with Douglas County Facilities staff to gain access to restricted areas.

21) **Inspection and Testing:** Bidder shall perform an annual inspection of all systems in accordance with all applicable regulatory codes. This will include all batteries being replaced annually.

22) **Emergency Assistance:** Bidder shall have the capability to immediately respond to calls for assistance on an emergency basis. Emergency service is defined as those activities necessary to maintain a safe environment and continue the operations of any Douglas County Facilities facility, the loss of which would create a situation that would adversely and unduly affect the safety, health, or comfort of the

facility and/or occupants, or otherwise cause loss to Douglas County Facilities. Bidder shall give priority emergency services to Douglas County Facilities, before, during and after a natural disaster, such as hurricane, tornado, severe storm, or flood, or any other event identified and designated as a public emergency. Emergency service response shall be provided at no additional cost to Douglas County Facilities.

23) **Emergency Notification List:** Douglas County Facilities shall maintain an "Emergency Notification List" which shall specify in sequential order the primary and secondary Douglas County Facilities personnel to contact in the event an emergency dispatch signal is received. The list shall be updated online by Douglas County Facilities on Bidders website when necessary. Douglas County Facilities must have the ability to directly add or subtract authorized user access codes or alarm/disarm codes for individuals.

24) **Alarm System User Database:** Douglas County Facilities shall maintain a current user database of all Douglas County Facilities personnel authorized to arm and disarm alarm systems. The list shall be updated online by Douglas County Facilities on Bidders website when necessary. Douglas County Facilities must have the ability to directly add or subtract authorized user access codes or alarm/disarm codes for individuals.

25) **Pass Code Issuance:** Douglas County Facilities shall issue and control all alarm system pass codes (keypad codes) in accordance with the alarm system user database. All pass code information shall be entered online by Douglas County Facilities on Bidder's website. Douglas County Facilities must have the ability to directly add or subtract authorized user access codes or alarm/disarm codes for individuals.

26) **Douglas County Facilities Responsibilities:** Douglas County Facilities shall provide Bidder any information (i.e., sensor device locations, lock-out codes, etc.) that may be reasonably expected and necessary for successful service monitoring.

INVITATION FOR BID (IFB) #044-26
ALARM MONITORING SERVICES
for DOUGLAS COUNTY FACILITIES

INSTRUCTIONS TO BIDDERS

GENERAL INFORMATION:

1) The Facilities, Fleet & Emergency Support Services Department of Douglas County Government, hereinafter referred to as the County, respectfully requests bids from responsible and qualified firms to provide alarm monitoring services (fire, burglar, and panic systems) for designated Douglas County facilities.

2) The contract placed with the successful bidder, as a result of this IFB, shall be a Blanket Purchase Agreement. The Blanket Purchase Agreement authorizes, but does not obligate, the County to contract for any minimum or maximum dollar amount or quantity of services.

3) The County's intent is to award to only one (1) firm for the provision of monitoring services at specified County building locations and worksites; however, the results of this IFB do not obligate the County in any manner. The bid schedule is attached and incorporated herein. Bid comparisons will be made from that schedule. Reference checks and past experience will also be considered in the evaluation process.

4) All bid responses must be submitted on the attached bid schedule. Bidders shall list, on a separate sheet of paper, boldly marked "EXCEPTIONS TO IFB SPECIFICATIONS", any proposed deviations from the specifications contained within. Each deviation shall be explained in detail, listing its advantages and/or disadvantages. The County has the option of accepting or rejecting the "EXCEPTIONS TO IFB SPECIFICATIONS" at its sole discretion. The selection of a company shall be made based on the bid determined to be in the County's best interest and may not necessarily be the lowest bid.

5) If additional space is required on the bid schedule, bidders may provide information on company letterhead.

6) The successful bidder must be able to provide a single point of contact for all customer service requirements to include scheduling services and requesting information.

7) The successful bidder will furnish to Douglas County Government, at no additional cost, any reports that may be needed in tracking the ordering and usage of said services within the County. These reports will also be used to verify contract pricing.

MANDATORY INFORMATION TO BE INCLUDED WITH RESPONSE:

1) All bid responses shall include a statement acknowledging your company's complete understanding of all bid terms, conditions, and requirements.

2) Provide a complete description of your firm to include the number of years you have been doing business in the State of Colorado and the prior experience you have had with similar contracts/agreements. All respondents must have sufficient experience, with a proven track-record of performance, with similar maintenance contracts.

3) All bid responses shall include a detailed narrative that addresses each of the following:
   a) Travel & Labor Rates.
   b) Normal business hours, after hours, weekends & holidays.
   c) Response time for emergency and non-emergency services.
   d) Stocking of parts; ordering of parts; and how parts are shipped.
   e) Cost of annual billing with a breakdown of services and fees.
   f) Detailed fee schedule with a breakdown of prices and services per year.

4) All bid responses should provide an explanation as to why your company would stand out above all others and why your company should be awarded the contract resulting from this IFB.

5) All bidders shall furnish a list of three (3) current references to include name, title, address, telephone/fax numbers, and e-mail address for which they are currently furnishing or have in the past sold products and/or furnished services on a same or similar contract or agreement. The inability to contact references may result in the rejection of your bid response.

BADGE ACCESS TO COUNTY FACILITIES:

This agreement/contract may require access to multiple facilities within Douglas County, including law enforcement and judicial buildings that may contain Criminal Justice Information Services (CJIS) material. As such, Douglas County will perform prescreening background checks of successful bidders and associated personnel. In addition, successful bidders and associated personnel must pass state and federal fingerprint and background checks prior to the start of work and access to any Douglas County facility. To complete the fingerprinting and background checks, successful bidders and associated personnel must set up vendor accounts with the Colorado Bureau of Investigations (CBI): https://cbi.colorado.gov/sections/biometric-identification-and-records-unit/new-accounts. Depending on access requirements, the successful bidders and associated personnel may be required to sign an additional CJIS security addendum.

The successful bidder shall supply a complete list of associated personnel to Douglas County with at least two potential alternative workers who will be responsible for performing services under this agreement/contract. Only these individuals will be allowed on Douglas County premises to perform services once confirmed to have passed background checks and CJIS Training.

Douglas County reserves the right to deny access to any employee on County property.
