ADDENDUM

ADDENDUM NO. 4

RFP 27-007 District Wide Custodial Services

Date: 10/25/2026

This Addendum forms a part of the RFP documents and modifies the original solicitation as noted below. All respondents must acknowledge receipt of this Addendum in their submission.

Important Notice to All Proposers – RFP Documents, Q&A, and Proposal Assumptions

The District strongly encourages all proposers to carefully review the RFP documents, including all exhibits, attachments, addenda, and the Questions and Answers (Q&A) in their entirety before submitting a proposal.

This RFP represents a significant change from the District's previous custodial services RFPs, contracts, and awards. The District is implementing new operational processes, performance expectations, and accountability measures that will become effective with the award of this RFP. These changes include, but are not limited to:

- Adoption of **APPA Custodial Effectiveness Level 2 as the minimum required performance standard**.
- Implementation of a **Contractor Quality Assurance Program**.
- Establishment of a **Service Level Agreement (SLA)** with defined performance expectations and accountability measures.
- Changes to the District's internal processes for managing, monitoring, and evaluating custodial services.

Proposers should not assume that requirements, procedures, service expectations, or contractual arrangements from previous District custodial contracts or awards will apply to this RFP unless expressly stated in the current solicitation documents.

The District's question-and-answer period is closed, and no additional questions will be accepted or answered.

If, after thoroughly reviewing all solicitation documents and the complete Q&A, a proposer believes that certain information remains unclear or unanswered, the proposer must proceed with its submission based on the information provided.

If any unanswered question or perceived ambiguity materially impacts a proposer's ability to develop its proposal, the proposer **must clearly identify the specific issue, explain how and why it impacts the**

proposal, and expressly state the assumptions upon which its proposed approach, staffing, services, or pricing are based.

Any assumptions must be clearly identified within the proposal and must not be presented as established District requirements or commitments.

The District will evaluate proposals based on the requirements established in the solicitation documents, applicable addenda, and published Q&A. **The inclusion of an assumption in a proposal does not constitute acceptance or approval of that assumption by the District.**

Proposers are responsible for submitting complete, responsive proposals that demonstrate their understanding of the District's updated custodial service requirements and their ability to meet the performance expectations established under this RFP.

---

2. All Other Terms Unchanged

All other requirements, conditions, and specifications of RFP 27-007 remain unchanged.
