REQUEST FOR PROPOSAL #129-26

2027 BOILER & CHILLER UNIT MAINTENANCE SERVICES

The City of Cañon City, Colorado is soliciting sealed Proposals for 2027 Boiler & Chiller preventive maintenance services until 11:00 AM MST on Monday, December 7, 2026, at which time proposals will be opened. Services shall be provided in accordance with the specifications contained herein.

Proposals may be submitted electronically through BidNet Direct in PDF format or delivered in person as sealed paper proposals. All proposals must be received by 11:00 AM MST on Monday, December 7, 2026. Late proposals will not be accepted. All proposals submitted shall become property of the City and will become public record.

The City of Cañon City Facilities Department is the user department. Sealed proposals submitted in person shall be marked **RFP #129-26 – 2027 BOILER & CHILLER MAINTENANCE SERVICES** and delivered to 128 Main Street, Cañon City, Colorado 81212. Direct proposal inquiries through www.bidnetdirect.com/Colorado. Contract Manager: Julie McGrew, (719) 276-7080.

Proposals will be opened at the time and date indicated above and referred to City Council. The intended date for consideration of an award is the December 21, 2026 regular City Council meeting at 6:00 PM.

Submit questions through BidNet Direct by Thursday December 3, 2026, 2:00 PM. Clarifications, revisions, and responses will be issued as written addenda through BidNet Direct. Responders are responsible for checking for addenda and acknowledging receipt in their proposals. Oral statements during the walkthrough do not modify the RFP.

SITE INSPECTIONS

No pre-bid meeting will be held. Prospective responders wishing to inspect the existing equipment may arrange an optional site visit in advance with Randy Allen, Facilities Maintenance Supervisor. Contact information: RCAllen@canoncity.gov 719-276-5283. Responders are responsible for familiarizing themselves with the equipment and existing site conditions.

PROPOSAL PRICING

Responders shall complete the attached Proposal Price Schedule. Pricing shall include all labor, travel, materials, and preventive maintenance services identified in the scope. Any exceptions or exclusions shall be clearly identified with the proposal.

Fremont County responders shall be given priority consideration if the proposal difference is within five percent up to $10,000.

GENERAL INSTRUCTIONS TO RESPONDERS

1. A "proposal" is a responsive, conforming, unconditional, complete, legible, and properly executed offer by a responder to provide the services specified in the Request for Proposal (RFP) for the compensation specified.

2. Responses shall be clearly marked with the RFP #129-26 Company Name, contact person, mailing address, and telephone number of the responder.

3. It shall be the responsibility of the responder to ensure that the response is in proper form and in the City's possession by or before the time and date designated in the RFP. Responses will not be accepted after the designated time and date. Any response received late will be returned to the responder unopened, if possible.

4. If a mistake is made or discovered during or after the City's review of responses, the City reserves the right to determine which party made the mistake and whether the mistake is material and, after these determinations, the City, in its sole reasonable discretion, shall decide whether to accept or reject the proposal. No advantage shall be taken by any party of manifest clerical errors or omissions in any proposal. Responders shall notify the City immediately of any errors or omissions that are encountered.

5. Price changes: The City of Cañon City requires price protection during the period of contract performance. Pricing information: The City of Cañon City requires identification of all costs for items or services, (including installation, training, and documentation's) and when stipulated requests for descriptions of alternative payment methods available to the City. Any item which does not meet all the terms, conditions, or specifications of this package must be clearly indicated on the exceptions section of the Proposal Reply Form or on a separate sheet of paper and returned with the proposal.

6. The City shall not reimburse any responder for any cost incurred in preparing a proposal or attending equipment demonstrations, inspections, pre-bid conferences, or interviews.

7. Any amplification, clarification, explanation, interpretation, or correction of a response shall be made only by written addendum, and a copy of the addendum shall be submitted to www.bidnetdirect.com. The City is not responsible for any amplification, clarification, explanation, interpretation or correction of a proposal not contained in the written addenda.

8. The City reserves the right to determine, in its sole reasonable discretion, whether any proposal meets the needs or purposes intended and is within the approved budget. The City does not base its award on prices alone. Also, to be considered are quality of product; experience with the responder or any subcontractors, consultants, products or suppliers; qualifications of the responder and/or subcontractors or suppliers; services offered; warranties; maintenance considerations; long-range costs; delivery; and similar conditions.

9. The City reserves the right to conduct such investigations as it deems necessary to assist in the evaluation of any proposal to establish the experience, responsibility, reliability, references, reputation, qualifications, or financial ability of any responder, service provider or supplier. The purpose of such investigation is to satisfy the City that the responder has the ability to supply the specified services and to perform the necessary warranty and product support in accordance with the RFP in the prescribed manner and time.

10. The City reserves the right, if it deems such an action to be in its best interests, to reject any and all responses or to waive any irregularities or informalities therein. Any incomplete, false, or misleading information provided by any responder shall be grounds for rejection of the proposal. If proposals are rejected, the City further reserves the right to investigate and accept the next best proposal in order of ranking, or to reject all proposals and re-solicit additional proposals.

11. No proposal shall include federal excise taxes or state or local sales or use taxes.

    The City of Canon City does not pay fees to use a credit card, if vendor charges a credit card fee the City will issue a check for payment.

12. Each responder shall describe any applicable service workmanship guarantees and corrective-service terms.

13. Any response received as a result of this request is prepared at the responder's expense and becomes City property and is therefore a public record upon opening by the City.

14. If the responder considers any of the information being submitted to be trade secrets, privileged information, or confidential commercial, financial, geological, or geophysical data, it is responder's responsibility to label the information as such. Otherwise, all information submitted shall be available as a public record for public inspection.

15. By submitting a proposal, the responder acknowledges that (a) the preparation of the proposal, and other quotations herein contained, does not obligate the City in any way; (b) the City assumes no obligation to enter into an agreement for the services; (c) all responsive documents are understood; and (d) the responder has the ability to deliver the services/equipment as specified herein in accordance with the RFP.

16. Final payment for all work and/or items, goods, supplies are contingent upon final inspection, acceptance by the City and legal publication of final settlement, when necessary.

17. No proposal may be withdrawn for a period of sixty (60) days after the deadline for proposals.

SCOPE OF WORK/PROJECT REQUIREMENTS

The City of Cañon City
P.O. Box 1460
128 Main Street.
Cañon City, Colorado 81215-1460

Specifications for

2027 BOILER & CHILLER UNIT MAINTENANCE SERVICES

The Contractor shall furnish the information required; the unit price for each facility must be shown. A total for each item must be entered -- in case of error in extension, the unit price prevails. The Agreement must be submitted by completing the sections below. Add, as necessary, additional schedules, a summary cover sheet, a letter of transmittal, a general description of the proposed service or goods configuration, schedules and delivery dates for goods and services.

PRICE AGREEMENT FOR SERVICES AND EXTENSIONS

I. GENERAL CONDITIONS: The Contractor shall provide all labor, tools, equipment and transportation necessary to provide the boiler & chiller services specified herein. The Contractor shall supply all materials, equipment, and tools necessary to perform boiler & chiller services. The following specifications shall be used as a guide to provide the services expected by the City of Cañon City:

II. SCOPE OF WORK: The City of Cañon City has several locations, which require different levels of services. The Contractor will be responsible for services within the interior perimeter of each building specified herein and understands that no portion of any building will be neglected for any reason other than exclusions designated herein. The level of services required at each location is described. A staff contact person will be assigned to each location to provide feedback about service quality:

A. BOILER & CHILLER SERVICE LOCATIONS: Boiler & Chiller services shall include quarterly and annual specified requirements as outlined below for individual buildings. The Boiler & Chiller Services Contractor shall provide all labor necessary to achieve all the levels of service of service specified herein.

B. MINIMUM SERVICE PERFORMANCE SPECIFICATIONS FOR PUBLIC BUILDINGS:

PROPOSAL REQUIREMENTS

1. The responder shall provide quarterly chiller maintenance and annual boiler maintenance at the City facilities listed in this RFP.
2. The proposal price shall include jobsite and travel labor, equipment inspection and testing, preventive maintenance labor, and routine maintenance materials such as oil, solvents, cleaning materials, and lubricants.

3. The contractor shall perform applicable checks and maintenance tasks described in the Scope of Services, including related pumps and components.

4. Responders shall identify any proposed exceptions, excluded repairs, additional charges, or optional services separately.

5. Responders shall provide qualifications and relevant experience servicing the specified equipment.

6. All proposals shall be submitted on the included Proposal Form/Price Schedule.

7. Proposals may be submitted electronically through BidNet Direct or in person at City Hall, 128 Main Street, Cañon City, Colorado 81212, by the deadline specified.

SCOPE OF SERVICES

CHILLERS

• Quarterly inspection of chillers, pumps, and related components.

• Testing and inspection to determine operating status; preventive maintenance to support proper operation, equipment life, reliability, and energy efficiency.

• Include jobsite/travel labor and routine preventive maintenance materials.

BOILERS

• Annual cleaning and inspection of boilers, pumps, and related components.

• Testing, inspection, and preventive maintenance, including applicable cleaning and adjustments.

• Include jobsite/travel labor and routine preventive maintenance materials.

CRAC UNIT

• Annual cleaning and inspection of CRAC unit indoor and outdoor coils.

• Testing, inspection, and preventive maintenance to support proper operation.

• Include jobsite/travel labor and routine preventive maintenance materials.

APPLICABLE MECHANICAL SYSTEM INSPECTIONS

The contractor shall perform mechanical system operational analysis to evaluate the existing operating conditions and performance of the equipment. Inspections shall include non-destructive testing, vibration and noise monitoring, chemical analysis, and routine visual inspections, as applicable to the equipment. These inspections shall be performed to verify proper operating conditions and identify potential equipment failures.

Inspect and test, as applicable to each system: fans, belts, sheaves, motor mounts, vibration pads, electrical connections and contactors, heating/cooling coils, filters, sight glasses, bearings, pans, igniters and flame assemblies, flue stacks, heat exchangers, compressors, condensers, humidifiers, strainers, seals, drains, and crankcase heaters. Check lubrication, oil heaters and temperatures, starters, water flow, coupling alignment, motor conditions, suction/discharge pressures, flow switches, controls/interlocks, dampers, voltage/amperage, refrigerant charges, leaks, fluid levels, temperatures, outside-air intakes, and refrigerant pump-down as applicable.

Inspections shall also include spray nozzles and pans, transmitter and receiver gauges, and economizer controls, as applicable to the installed equipment.

APPLICABLE PREVENTIVE AND PREDICTIVE MAINTENANCE

The contractor shall perform predictive and preventive maintenance services intended to maintain efficient operating conditions, extend equipment life, and improve system reliability and safety. These services shall include identifying early signs of deteriorating equipment performance and potential system

failures before breakdowns occur. Maintenance shall be scheduled to minimize equipment downtime and disruption to City operations.

As applicable, calibrate temperature, operating, humidity and pressure controls and gauges; secure electrical terminals, piping clamps, line fittings, mounting hardware and equipment panels; adjust refrigerant charge, purge systems, superheat, damper and valve linkages, unloaders, belts, fan RPM, chemical feed, gas regulators, combustion air ratios, set points, igniter/flame rods, and sump floats; align couplings, sheaves, pulleys, coil fins and belt drives; inspect vibration at dampers, bearings, drives, pumps and motors; lubricate bearings and motors; and clean controls, contactors, condenser coils, fan blades, pilot orifices, igniters, chiller/boiler tubes, nozzles, equipment areas, burner orifices and tower basins, where applicable.

The foregoing tasks reflect the Facilities Department's supplied maintenance scope and apply only where appropriate to the installed equipment.

C. ADDITIONAL MINOR SERVICES MAY BE ASSIGNED AS THEY ARE RECOGNIZED. ADDITIONAL SERVICES ARE ALSO AVAILABLE UPON REQUEST.

D. FINAL SERVICES TO BE PROVIDED AT TERMINATION OF AGREEMENT:

a. The Contractor shall have performed all the specified levels of service stated herein during the term of this Agreement.
b. Thirty (30) days prior to the termination of this Agreement, the City will conduct a walk-through inspection of each facility the Contractor has been providing boiler & chiller services for. Any deficiency found shall be noted in writing and delivered to the Contractor. The Contractor shall have until the last day of the last month of the Contract to correct any deficiency.
c. Upon final inspection by the City, any deficiency not corrected to the satisfaction of the City, shall be assessed a penalty at the rate of $30 per day for every day the Contractor has not corrected any deficiency, not to exceed a total of $900. All penalties shall be deducted from any final payment due the Contractor and shall be considered as liquidated damages.
d. The City of Cañon City may require an overlap of services extending into any new service year or during the transition period between one service provider and a new service provider. The current price agreement monthly fee shall be pro-rated on a daily basis and used to reimburse the current service provider for services rendered after January 1st.

E. SPECIAL REQUESTS OR EMERGENCY BOILER & CHILLER SERVICES: The Contractor may be asked to provide special or emergency boiler & chiller services on an hourly reimbursement basis. A separate line item quotation shall be provided for this purpose. "Special Boiler & Chiller services" shall include construction clean-up.

F. INVENTORY CONTROL: The Contractor shall furnish all supplies, tools, equipment, and materials necessary to perform the boiler & chiller services specified herein. All associated costs shall be included in the service pricing.

IV. TERM, TERMINATION AND EXTENSION: This agreement shall be effective for an initial term of one year, starting January 1, 2027 and ending December 31, 2027 This Price Agreement may be extended for two (2) additional one-year terms (2028 & 2029), if, and only if,

both parties agree to EITHER "NO PRICE INCREASE" or a reasonable price increase at the beginning of each renewal term Either party shall provide 30 (thirty) days written notice of "intent to terminate" to the other party prior to the termination of the initial term or any renewal term. The City of Cañon City reserves the right to cancel this Price Agreement at anytime during the term of this Agreement for any reason with 30 days written notice. Additionally, notwithstanding any other provision of this agreement, the City shall have the right to immediately terminate this agreement if Contractor should allow insurance coverage or bonds, as required under Section VI hereof, to lapse at any time during the term hereof.

VI. BACKGROUND CHECKS: All Contractor personnel assigned to perform duties on any City premises shall be required to undergo successful background screening prior to assignment to City premises. Contractor shall submit a complete list of all employees who are presently assigned, or shall in the future be assigned, to work on City premises. City shall perform a background check on Contractor's employees. Background screening shall be at the Contractor's expense and shall be reimbursable by Contractor to the City. Any employee of Contractor who refuses or fails a background check shall not be permitted access to any City premises.

The selected vendor shall be required to enter into a professional services agreement with the City. A copy of the City standard agreement is attached and submission of a bid affirms the bidders agreement to the terms therein.

PROPSAL SCHEDULE

Enter the total annual price for the indicated maintenance services at each location. Prices shall include all routine labor, travel, inspection, cleaning, and preventive maintenance materials required by the Scope of Services.
