Purpose:

Arapahoe County Open Spaces is soliciting proposals from qualified, licensed, and insured irrigation contractors to complete the renovation of the irrigation system serving the South Lawns at the Arapahoe County Fairgrounds. The County has completed irrigation design plans and seeks a qualified contractor to construct the improvements in accordance with those plans

The existing South Lawns irrigation system has experienced poor distribution uniformity and operational deficiencies. The County retained a professional irrigation designer to prepare construction documents for a complete irrigation system replacement, including the addition of a booster pump and central irrigation control system. The renovated system is intended to achieve a distribution uniformity while improving water conservation and operational efficiency.

APPLICABILITY. These General Terms and Conditions apply, but are not limited, to all bids, offers, proposals, qualifications, and quotations (hereinafter referred to as "Responses") made to Arapahoe County (hereinafter referred to as "County") by all prospective responders (herein after referred to as "Contractors") in response, but not limited, to Requests for Bids, Requests for Proposals, Requests for Qualifications, and Requests for Quotations (hereinafter referred to as "Solicitations").

GENERAL TERMS AND CONDITIONS. Contractors are required to submit their Responses in accordance with the following expressed conditions:

1. Contractors shall make all investigations necessary to thoroughly inform themselves regarding the facilities affected by the delivery of materials, equipment, and services. No plea of ignorance by the Contractor of conditions that exist or that may hereafter exist as a result of failure to fulfill the requirements of the contract documents will be accepted as the basis for varying the requirements or the compensation to the Contractor. The County will not be responsible for any expenses incurred by any Contractor in preparing and submitting its Response.

2. Contractors are advised that all County contracts are subject to all legal requirements contained in County Rules and Policies and Colorado State and Federal Statutes. When conflicts between this Solicitation and these legal documents occur, the highest authority shall prevail.

3. Successful Contractors shall be familiar and comply with all local, state, and federal directives, ordinances, rules, orders, and laws applicable to, and affected by, any awarded agreement.

4. Venue. Colorado law, rules, and regulations shall be applied in the interpretation, execution, and enforcement of this Solicitation and any awarded Agreement. Any provision included or incorporated herein by reference which conflicts with said laws, rules, and regulations shall be null and void. 5. Variations and Exceptions. Contractors are required to state exactly what they intend to furnish to the County via this Solicitation and must indicate any variances to the terms, conditions, and specifications of this Solicitation no matter how slight in a separate electronic file submitted with the Response before the solicitation submission deadline. If variations are not stated in a file submitted before the solicitation deadline, it shall be construed that the Contractor's Response fully complies with all conditions identified in this Solicitation. Contractors who qualify their Responses by requiring alternate contractual terms and conditions must include such alternate terms and conditions in their Offers. The County reserves the right to declare Contractors' Responses as non-responsive if any of these alternate terms and conditions are in conflict with the County's terms and conditions, or if they are not in the best interests of the County.

6. Non-appropriation. Financial obligations of the County payable after the current fiscal year are contingent on funds for that purpose being appropriated or otherwise made available by the Arapahoe Board of County Commissioners. The County's obligations under any awarded Agreement shall be from year to year only and shall not constitute a multiple-fiscal year direct or indirect debt or other financial obligation of the County within the meaning of Article X, Section 20 of the Colorado Constitution (TABOR) pursuant to C.R.S.§ 29-1-110. The awarded agreement will automatically terminate on January 1st of the first fiscal year for which funds are not appropriated. The County's Purchasing Department has incorporated Performance Management into our culture. When vendors submit offers to the County in response to solicitations for ***Services*** (not associated with the primary purchase of goods or software), they should identify the goals by which they will monitor and report their performance providing the services. Vendor performance should be documented as to (a) Price/Cost, (b) Punctuality/Responsiveness (c) Quality/Reliability, and optionally (d) Sustainability/or Innovation.

The awarded vendor will self-score their defined measures prior to contract renewal. The department will review the vendor's self-scored measures. Performance measures will be queried for every year of the contract. Performance measures reporting will partially inform re-contracting with or renewing a contract with a vendor.

SERVICES means: the furnishing of labor, time, effort, maintenance, etc., by a contractor with an initial contract amount of more than $100,000.
