8.0 EVALUATIONS AND AWARD

8.1 Award will be made to the lowest-priced responsive and responsible bidder. A responsive bid is one that is complete and meets all requirements of this IFB.

8.2 To determine whether a bidder is responsible, the District may evaluate the bidder's relevant experience, references, certifications, ability to meet the required response times, and past performance with the District or other agencies. The District reserves the right to reject any bid from a bidder it determines is not responsible.

8.3 All changes in bid documents shall be through written addenda and shall be posted to BidNet.

8.4 During the evaluation process, the District reserves the right, where it may serve the District's best interest, to request additional information, or clarifications from bidders, or to allow corrections of errors or omissions. Amendments or clarifications to submitted response not requested by the District will not be accepted, nor considered following the opening of the response.

8.5 The District may make such inquiries and conduct such investigations as it deems necessary to determine the qualifications and ability of the Vendor(s) to provide the services or products called for under the Solicitation and/or represented in the Vendor(s)'s response. Vendor(s) shall provide information in a timely manner to the District in connection with such inquiries and investigations.

8.6 For the purposes of solicitation evaluation, bidders must indicate any variances to the specifications and terms and conditions, no matter how slight. If variations are not stated in the bidder's response, it shall be construed that the bid fully complies with the specifications and terms and conditions. Notwithstanding the above, it is hereby agreed and understood that the District reserves the right to reject these variations if they individually or, as a whole, do not meet the standards established in the specifications.

8.7 Vendors may not alter this IFB, its attachments, or addenda. Any unauthorized alteration will be considered invalid and may be cause for disqualification. Proposed modifications to terms and conditions may be submitted through BidNet with the bid but are not accepted unless the Procurement Agent accepts them in writing before the notice of intent to award. A notice of intent to award does not constitute acceptance of any proposed modification.

8.8 This solicitation, or submitted agreement from Vendor, does not commit the District to award a contract or to pay any costs incurred in the preparation of a bid or to procure a contract for the services. The District reserves the right to accept or reject any or all bids received as a result of this request or to cancel in part or in its entirety this solicitation if it is deemed to be in the best interest of the District. The District reserves the right to accept any portion of the bid or the entire bid as deemed in the best interest of the District.

8.9 The Vendor will be required to enter into a one-year agreement with the District, substantially in the form of Attachment F, Sample Agreement, prior to the start of work. The agreement may be renewed for up to four (4) additional one-year terms.

8.9.1 The four additional terms are optional and do not oblige the District to enter into an agreement for any additional term.

8.10 The agreement language will control over any language contained within the IFB that conflicts with the signed and fully executed agreement.
