It shall be a breach of ethical standards for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under an agreement/contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

In the event that any gratuities or kickbacks are offered or tendered to any County employee or representative, the bid response shall be disqualified and shall not be reinstated.

ETHICSPOINT/NAVEX GLOBAL:

Douglas County is committed to an environment where open, honest communication is the expectation, not the exception. Douglas County has implemented a phone and Internet-based reporting system called EthicsPoint/Navex Global. The reporting system allows employees to report issues or concerns that they may have in an anonymous and confidential manner. We consider it a critical component in providing a safe, secure, and ethical workplace.

An option within the system allows vendors to also report an issue. As a vendor, you are in a position to observe not only questionable or unethical behavior by our employees but also identify areas that you would like to make a suggestion for change. By calling 1-888-337-3094 or logging-in on the Internet to www.ethicspoint.com and entering Douglas County Government, you can file a report, offer a suggestion or voice a concern. Online instructions are available on how to use the system. The EthicsPoint/Navex Global system also offers a follow-up/response mechanism. You can be assured that this is a fast, easy, and confidential system.

NON-COLLUSIVE BIDDING CERTIFICATION:

By the submission of your bid response, the bidder certifies that:

1) The bid has been arrived at by the bidder independently and has been submitted without collusion with any other bidder.

2) The contents of the bid have not been communicated by the bidder; nor, to the best of their knowledge and belief, by any of their employees or agents, to any person not an employee or agent of the bidder or the surety on any bond furnished herewith, and will not be communicated to any such person prior to the official opening of this bid.

3) No bidder shall submit more than one (1) bid for this purchase.

NON-DISCRIMINATION IN EMPLOYMENT:

In connection with the performance of the work under an agreement/contract issued as a result of this IFB, the successful bidder must agree not to refuse to hire, discharge, promote or demote, or to discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, gender, age, military status, sexual orientation, marital status, or physical or mental disability. The successful bidder must further agree to insert the foregoing provision into all subcontracts.

INDEMNIFICATION:

The County cannot and by this agreement/contract does not agree to indemnify, hold harmless, exonerate or assume the defense of the vendor/company/contractor or any other person or entity whatsoever, for any purpose whatsoever. The vendor/company/contractor shall defend, indemnify and hold harmless the County, its commissioners, officials, officers, directors, agents, and employees from any and all claims, demands, suits, actions or proceedings of any kind or nature whatsoever, including Workers' Compensation claims, in any way resulting from or arising from the services rendered under this agreement/contract; provided, however, that the vendor/company/contractor need not indemnify or save harmless the County, its officers, agents and employees from damages resulting from the sole negligence of the County's commissioners, officials, officers, directors, agents, and employees.

INDEPENDENT CONTRACTOR:

The vendor/company/contractor is an Independent Contractor and is free to perform services for other clients. Notwithstanding any provision of this agreement/contract, all personnel assigned by the vendor/company/contractor to perform work under this agreement/contract shall be, and remain at all times, employees of the vendor/company/contractor for all purposes. The County shall have no responsibility for any federal and state taxes and contributions for Social Security, unemployment insurance, income withholding tax, and other taxes measured by wages paid to employees of the vendor/company/contractor and/or its designated agents. The vendor/company/contractor acknowledges that it and its employees are not entitled to Workers' Compensation benefits or Unemployment Insurance benefits from the County, unless the vendor/company/contractor or a third party provides such coverage, and that the County does not pay for or otherwise provide such coverage. The vendor/company/contractor shall provide and keep in force Workers' Compensation (and provide proof of such insurance when requested by the County) and Unemployment Compensation insurance in the amounts required by law, and shall be solely responsible for its own actions, its employees and agents.

ASSIGNMENT OF PURCHASE ORDER OR CONTRACT:

The successful bidder may not assign or otherwise transfer any of its rights or obligations under any purchase order or agreement/contract made and entered into pursuant to the County IFB without the prior written approval of the County Purchasing Division.

CANCELLATION:

The County reserves the right to cancel the whole or any part of an agreement/contract issued as a result of this IFB due to the failure of the successful bidder to carry out any term, promise or condition of the agreement/contract. The County will issue a written notice of default to the successful bidder for failing to act in compliance with the terms and conditions of such an agreement/contract.

EXAMINATION OF RECORDS:

The successful bidder agrees that the County shall, until the expiration of three (3) years after the final payment under an agreement/contract issued as a result of this IFB, have access to and the right to examine any directly pertinent books, documents, papers, and records of the bidder involving transactions of such agreement/contract.

PRICE, PAYMENT, AND DELIVERY:

1) All prices shall be firm and fixed for the specified time frame.

2) All payment terms shall be "Net 30"; consideration will be given to any discounts offered for payments made earlier than "Net 30", please explain.

3) In an effort to improve efficiency, Douglas County encourages the use of purchasing cards to make payments. Under this method, payments are made after the verification of the receipt of the goods and services and following the receipt of a proper invoice. Please confirm if this would be an acceptable payment option.

2) State Registration Number: 98-04428

COOPERATIVE PURCHASING:

Douglas County encourages cooperative purchasing in an effort to assist other agencies to reduce their cost of bidding and to make better use of taxpayer dollars through volume purchasing. Vendors may, at their discretion, agree to extend the prices and/or terms of the resulting award to other state or local government agencies, school districts, or political subdivisions in the event they would have a need for the same product/service. Usage by any entity shall not have a negative impact on Douglas County in the current term or in any future terms. The vendor must deal directly with any governmental agency concerning the placement of purchase orders/agreements, freight/delivery charges, contractual disputes, invoices, and payments. Douglas County shall not be liable for any costs or damages incurred by any other entity.
